

Client Health Care Strategy Consultant

Job Description

Big data is a big deal. Learn an expertise in an industry that's only going to increase in value and demand.

There's no industry with data as complex and challenging as healthcare. Learn the ropes and earn your stripes as a client strategist / manager at RowdMap.

RowdMap is building a team of up-and-coming data rocks stars. Don't start at the bottom, start at the top.

We're in Louisville – yes that's Kentucky. Offices are big and fun in the heart of whiskey row. It's a great place to camp out for a while.

Here's what you'll do:

- Be a fanatical supporter, advocate, and go-to-person for RowdMap clients. Responsible for managing specific RowdMap client relationships across work streams (clinical, sales, marketing, etc.), including user engagement and RowdMap platform optimization.
- Learn to communicate, coordinate, and track deliverables with client teams and leaders. Serve as RowdMap point of contact for STAR owner, head of clinical / medical, provider contracting, government affairs, sales & marketing, product design, and operations.
- Learn to ensure that clients are on track and successful through RowdMap client engagement cycle.

- Learn to analyze and interpret data from multiple sources and in the RowdMap platform.
- Learn to analyze with creativity, flexibility and an eye towards product-ization and systematization.
- Learn to research a problem and interpret data creatively to tell an actionable story.

At RowdMap, in addition to gaining key operational start-up experience, you'll also gain exposure to:

- C-level management and key business owners at major U.S. players
- Agile software development process
- All parts of the health care spectrum (business, policy, clinical etc.)
- Entrepreneurs with a proven track record

Company

About RowdMap, Inc:

An Ernst and Young EY Entrepreneur Of The Year® winner, RowdMap's Risk-Readiness® benchmarks help health plans, physician groups, and hospital systems identify, quantify, and reduce no-value care that physicians deliver- a central tenet of successful pay-for-value programs.
