# Letter from our CEO

From the very genesis of our journey, my Family has committed to helping Families live their dreams. We strive to give our Saratoga homeowner the best value for their dollar on what may very well be the biggest financial investment in their life journey. Now that we have been in business more than 30 years we offer a credibility to our Home Owner that says we stand shoulder-shoulder with you and the peace of mind that says we will be there as you grow your Family.

At Saratoga Homes we know what it means to build your home. We partner old school core values with cutting edge technology. Our staff champions a process driven method for providing quality built homes and vibrant neighborhoods. It means much more than building houses; it means building homes where memories are created. It means building neighborhoods and fostering communities. Most importantly, it means building lasting dependable relationships.

To us, being a builder also means being a neighbor, because we stay where we build. We put offices in our neighborhoods and many of our associates live and grow their families alongside yours. This allows us to have a realistic perspective of your needs not only today but also tomorrow. We believe that any company can plant the seed of a community but proudly only Saratoga Homes will nurture it, grow it and guide that neighborhood to its greatest opportunity.

We are honored with the trust that our Home Owners have placed in us since 1983. We recognize the responsibility that comes with that trust and strive to continue to meet that standard every day. Every day I make a commitment to ensure that we don't rest on our awards, laurels and past accomplishments. Our history reflects our attention to detail and the earned satisfaction of over 7,000 Home Owners. Our legacy will shine a brighter path in meeting our exacting standards in a way that all in the Saratoga community can remain proud.

Thank you for your interest in Saratoga Homes and we look forward to our next handshake.

Warmest regards,

*C. David Bombach*
