

## 2. Shippo tsunagi (Linked seven treasures)

This Sashiko stitch pattern is a popular one, made of intersecting circles. Also a "Moyozashi" stitch pattern. This and all the patterns we are doing are easy to draw out on a piece of grid paper once you get the basic idea.

The dashed lines should be transferred to the front of your fabric as a solid line. The solid lines can be transferred, but should not be stitched.

They are for reference only.
