

Intro to Networking

Course Syllabus and Parent Lesson Planner

Course Orientation:

Description:

In this course there are 7 modules that cover everything from the introduction of Networking to setting up a home network and troubleshooting it.

- Module 1 covers what a computer network is and you will go over some terms.
- Module 2 covers the parts of a computer network including, configurations, typologies, etc.
- Module 3 covers how data moves within a network and network terms associated with data.
- Module 4 covers connectivity devices, media, and controllers.
- Module 5 covers network standards, what Ethernet is, the OSI Model, and TCP/IP. □
- Module 6 covers how to set up a computer network in both part 1 and 2.
- Module 7 shows you how to troubleshoot computer network problems that arise.

This course, upon completion, will give you the skills necessary to have a basic understanding of networks and networking for college/work purposes.

Course Length:

As an elective course, we recommend one or two modules / week. Therefore, we feel that this course should take approximately 7 weeks to complete all modules/quizzes, and leave time to study, and take, the final exam. (See Lesson Plan below)

Course Pre-Requisites (if applicable):

This course does not require any pre-requisite courses.

Course Requirements:

Computer/tablet/smart phone – Students must have access to a computer/tablet/smart phone with internet access and an internet browser. Simply STEM has been successfully tested using Internet Explorer, Firefox, Chrome, and Safari. In addition, we have tested many versions of smart phone/tablet browsers as well.

Course Requirements (continued):

Internet Access – Although results may vary, based on connection type and speeds, we have tested our online videos on DSL, Satellite, Cable, and cellular connections. Our courses cannot be download and require internet access to view them.

COURSE SOFTWARE REQUIREMENTS:

Microsoft Software: Please visit the Microsoft store where you can view the different Microsoft Office purchase options available.

http://www.microsoftstore.com/store/msusa/en_US/cat/All-Office/categoryID.69403900?icid=en_US_Store_UH_software_Office

We recommend the Office 365 Personal edition, as it's the least expensive option and you receive all of the Microsoft software covered by Simply STEM (including Microsoft Access).

Adobe Software:

Adobe offers special pricing for students/teachers. Please visit this link for info on their pricing:

<https://creative.adobe.com/plans?plan=edu&promoid=KTROQ>

TechSmith (Camtasia): http://shop.techsmith.com/store/techsm/en_US/cat/categoryID.67158100

Prezi: <https://prezi.com/>

Scratch Programming: <https://scratch.mit.edu/>

Snap Circuits: http://elenco.shptron.com/products/productdetail/part_number=ELESC-300/442.0

Course Grading:

Simply STEM requires all students to pass a quiz following each module with a score of 80% or higher. The student can retake the module if they aren't able to complete the quiz with a passing score. Typically, module quizzes will be 10 questions long. There is a final exam at the end of each course, which is a compilation of all the module quiz questions. The amount of questions for final exams vary. Students are required to pass the final exam with a passing score of 70% to complete the course. Grades can be viewed by viewing the completed courses in the Course Library or by viewing courses still being taken from the dashboard 'In Progress' tab.

Detailed student transcripts and course reports can be provided to you by simply requesting them from our Simply STEM support team at studentsupport@techknowcoa.com

Please find a list of acceptable file upload types below. If your course requires a different file type or your files will exceed the 250 MB limit, please contact us and we will assist you in setting up a Google Drive folder for project file uploads.

Lesson Plan:

Module 1 – Intro to Networking	Week 1
Module 1 – Quiz	Week 1
Module 2 – Parts of a Computer Network	Week 1
Module 2 – Quiz	Week 1
Module 3 – Data Movement on a Computer Network	Week 2
Module 3 – Quiz	Week 2
Module 4 – Pieces of a Computer Network	Week 3
Module 4 – Quiz	Week 3
Module 5 – Computer Network Models and Protocols	Week 4
Module 5 – Quiz	Week 4
Module 6 – Setting up a Home Network – Part 1	Week 5
Module 6 – Setting up a Home Network – Part 2	Week 5
Module 6 – Quiz	Week 5
Module 7 – Troubleshooting a Computer Network	Week 6
Module 7 – Quiz	Week 6
Study for Final Exam	Week 7 – (1-2 Hours)
Final Exam	Week 7 – 1 Hour
