

PCT-200

The Programmable Controller Trainer

EN

EN PCT-200 Programmable Controller Trainer

This system is designed to provide a solution for hands-on activities in the areas of automation technologies, including programmable controllers, digital I/O, analog I/O and human machine interface. This unit is provided in a hard-shell suitcase with integrated casters and handle. There is also a table top option. The unit includes 2 external connection blocks that allow any external I/O devices to be connected directly to the controller.

TOPICS COVERED

- Introduction to PLCs
- Controller Communications
- PLC Project Development
- Monitoring Input/Output Data
- PLC Addressing
- Relay Type ,latching ,timer,counter Instructions
- Math , Data Manipulation Instructions
- Program Control Instructions
- Analog Devices
- Introduction Human Machine Interface
- HMI Communications
- HMI Project Development
- Screen Creation and Navigation
- Text, Button and Switch Objects
- Numeric Displays and Entry

Select at least one

1 Controller options*

- 01 AB Micro800
- 03 AB CompactLogix¹
- 04 Siemens S7-1200
- 05 Siemens S7-1500
- 07 Omron CP1
- 08 Mitsubishi FX-3
- 10 Schneider M340 System
- 00 No PLC

¹ Software not included
* PLC and HMI brand need to be the same one

Select one

2 HMI Options*

- 01 AB 7" Micro PanelView
- 02 AB PanelView Plus 7" ¹
- 03 Siemens KTP-700 7"
- 04 Omron NB 7"
- 05 Mitsubishi GS 7"
- 07 Schneider HMIST6400 7"
- 00 No HMI

¹ Software not included
* PLC and HMI brand need to be the same one

Select all required

3 Software options

- A PLC Software for AB Option
(To be included for controller option 03)
- B PLC Software for Siemens Option
(To be included for controller option 06)
- C HMI Software for AB Option
(To be included for HMI option 02)
- 0 No software

PCT-200: THE PROGRAMMABLE CONTROLLER TRAINER

DIFFERENT CONTROLLER OPTIONS

DIFFERENT HMI

DIFFERENT PLC APPLICATIONS

HOW TO ORDER

PCT200 - 07 - 03 - 0 - 1 - 1 - B

1 2 3 4 5

Select one

4 Form factor

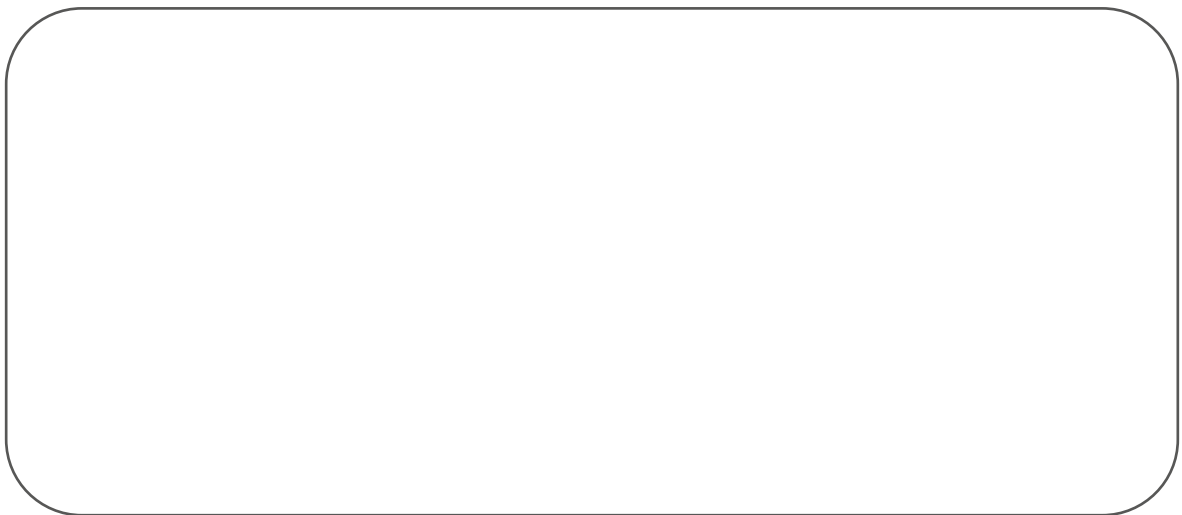

- 1 Table Top Frame
- 2 Hard Shell Suitcase with Removable Lid, Casters and Pull Handle

Select all that apply

5 PLC Application

- A Traffic Signal Application
- B Sorting Conveyor Application
- C Electro-Mechanical Ball Screw Application
- D PID Pressure Application²
- E PID Temperature Application
- 0 None PLC application

² Requires Compressed Air Source
