bridal bingo

INSTRUCTIONS

Gift opening time can get a bit boring, especially if it's a large party, so pump up your bridal shower guests with this interactive game!

- Ask each guest to fill in their bingo cards with the gifts they think the bride will be opening, make sure to have a pen for each player.
- Give them about 10 minutes to do this and while they're working also encourage them to get up and refresh their beverages.
- You can make the request that guests don't fill in the gift that they bought the bride, because that's kind of cheating, or in case they bought her multiple things, ask that they only use up 1 square for their gift.
- Allowing for 3-5 winners can be fun, get small \$5 coffee cards or similar as prizes.
- *fun twist:* after everyone is done filling out their cards, make them pass them down two people to the left or the right! This means no one can cheat and will really get the crowd laughing! Have fun watching everyone wait in anticipation as your bride opens each gift, desperately hoping they will earn their own bingo!
