Parents and Students,

This evening I was informed that a student-athlete has tested positive for COVID-19. It has been confirmed that the student had COVID exposure at a non-school activity and has not come into contact with any coaches or athletes since the student became symptomatic. This student has not attended Summer Strength and Conditioning this week. However, in an abundance of caution and following UIL protocol, we will suspend summer workouts effective June 24, 2020 until July 13th, 2020. Anyone who may have been in contact with this student will be informed by our coaching staff and will answer any questions you may have. Workout facilities utilized by all students have been sanitized and will continue to be cleaned according to CDC guidelines. We encourage everyone to self-quarantine and to get tested if you have any symptoms. We will continue to monitor the situation and provide information as it becomes available.

Coach Martinez
