Athletic competition also improves school spirit and helps students develop pride in their school.

The I.H.S.A.A. is the body governing and controlling the conduct of interscholastic athletics in the State of Indiana and has functioned in this capacity since 1904. Wabash City Schools, via membership in the IHSAA, has agreed to abide by the rules, regulations, and by-laws of the organization. The stated purpose of the IHSAA, "shall be to encourage, regulate and give direction to wholesome interschool athletic competition between member schools." In keeping with this purpose, the association shall regulate, supervise, and administer interscholastic athletic activities among its member schools. The rules, regulations and policies are contained in the constitution (by-laws) of the IHSAA.

Wabash High School is a member of the Three Rivers Conference, while Wabash Middle School is a member of the Running Rivers Conference, leagues of 10 member schools organized to foster and promote athletics through policies and regulations determined by cooperative effort of the member school principals and athletic directors. - d) The student-athlete may appeal the decision of the Principal to the Superintendent, and the decision on the Superintendent to the School Board following the same procedures as above.

ATHLETIC HEALTH SERVICES

ATHLETIC PHYSICAL EXAMINATIONS

Each candidate for interscholastic sport teams must have on file in the athletic office a complete physical form, which states the condition of their health in regard to participating in any and all athletic contest. No athlete is to practice or to participate in the athletic program until a parent and physicians' certificate is on file certifying that the athlete has been examined by a licensed physician and has the consent of the parents/guardians to participate. It shall be the responsibility of the head coach of each sport to verify that the parents and physicians' certificate is on file prior to permitting any athlete to practice or to participate.

ACCIDENT AND INJURY PROCEDURES AND GUIDELINES

All accidents and/or injuries incurred as a result of athletic participation that require the services of a physician or emergency ambulance or other transportation to the hospital or to a physician's or dentist office must be reported to the Athletic Director by the head coach responsible for that sport. At the time of the accident if the parents are not immediately available to accompany the injured athlete, then if two coaches are available, the assistant coach should go with the injured athlete. An accident-injury report may be obtained from the athletic office for this purpose.

All coaches should carry emergency cards with them to all away and home contest to notify parents immediately should they not be present at the contest so they can meet the athlete at the emergency facility should they be so injured as to need emergency care.

For treatment of minor injuries or ailments incurred as a result of athletic participation, arrangements may be made by the parent on approval of one of the coaches, administrators, or Athletic Director. This approval must be obtained before any student athlete can be sent to a physician, unless it is deemed an emergency. An athlete may not take it upon him/her self to visit a physician without prior approval.

ATHLETIC RESTRICTIONS / RELEASES

If a student athlete is seen by a physician for any illness or injury, a note of release from that physician must be filed with the athletic department prior to returning to participation. The note of release must bear the signature of the physician as well as the date of release and any activity restrictions or special requirements. It is the responsibility of the student athlete and parents to make sure a note of release is obtained and brought to the athletic office or athletic trainer.

Athletic Department Procedures

Copies of any paperwork will be provided to the athletic trainer as soon as possible so it may be made a part of the athletes' medical record.

Copies of releases should be provided to an athletes' coach upon request.

Coaches' Procedures

Coaches should discuss physician releases in their pre-season parent meetings and make sure everyone is clear on

the policy.

Coaches are responsible for making sure the proper paperwork is turned in prior to the athletes' participation. If there are any questions as to the status of an athlete the athletic trainer or athletic department staff should be contacted.

If a note is given to a coach it should be turned over to either the athletic office or athletic trainer immediately so it can be made a part of the athlete's medical file and to insure that is not lost.

In order to protect themselves from liability issues, coaches should not make any exceptions to the physician release policy.

Athletic Trainers' Procedures

Copies of any paperwork given to the athletic trainer will be submitted to the athletic department. Notes and paperwork will be provided no later than the beginning of the following practice or game.

If an athlete's coach or member of the athletic department staff has any questions pertaining to the status of an athlete or the content of a note, the athletic trainer will provide insight or secure an answer from the physician's office.

The athletic trainer is bound by privacy laws (HIPPA and FERPA) and must follow certain procedures regarding athletes' health information. As such, verbal information and copies of paperwork will be provided only to the following individuals:

1. The athlete's parent/guardian
2. The athlete
3. A coach/staff member directly responsible for the care of the athlete
4. A staff member responsible for maintaining the athlete's records

ATHLETIC EMERGENCY TRANSPORTATION GUIDELINES

When an accident or injury is incurred as a result of interscholastic participation and emergency transportation to a hospital, dentist or health care center is required, the following guidelines should be observed.

1. The potential seriousness of the injury should be determined by a physician if one is present or in the coach's opinion if no physician is present or a certified trainer.
2. If the injury is determined to be such of a nature that an ambulance should be summoned to transport the injured athlete for emergency medical treatment, the ambulance should be immediately requested by a physician, certified trainer, supervising coach, or other supervisor.
3. The parents or guardians of the injured athlete must be notified as soon as possible and advised of the situation. This shall be the responsibility of the supervising coach.
4. If the injury is determined to be of such a nature that an ambulance is not required, but serious enough to warrant immediate medical attention, the parents shall be notified by the trainer or supervising coach and requested to provide transportation. If the parents are unavailable or cannot provide transportation, a member of the coaching staff may elect to use his personal vehicle to transport the injured athlete. If the supervising coach or an assistant coach cannot or is unable to provide transportation because they cannot leave their work station, the Athletic Director, if available, Principal, Assistant Principal, or other certified personnel (school official designee) shall be notified so that transportation can be arranged. Under no circumstance should another student, student trainer, manager or the student him/her self be permitted to

drive for medical treatment.

5. In the event that an athlete from a visiting school is injured in an athletic contest hosted by Wabash City Schools, it is advisable that supervising individuals from the visiting school take charge of the situation with every assistance provided to him or her by The Wabash City Schools.

ATHLETIC INSURANCE

The only source of protection against charges for treatment of injuries incurred as the result of participation in the Wabash Athletic program is the PARENTS' OWN INSURANCE. The program of coverage for all the participants in athletics in the Wabash City Schools lies with the parents or guardians. When a parent or guardian signs the IHSAA Physical/Participation form in so doing they are stating that they have adequate insurance. If in actuality they do not, they may purchase athletic insurance through the school at the beginning of the school year.

The Wabash Athletic Department *is not* responsible for any injury that may occur to an athlete during a practice or athletic contest. All athletes participate in athletics *at their own risk*.

Parents or guardians seeking treatment for their children without prior, proper approval, do so on their own, and assume all financial responsibility. Wabash City Schools cannot guarantee that our insurance will cover any athlete, even those having health care insurance in the event of an injury; therefore, you assume a tremendous risk permitting your child to participate in athletics without health care insurance. Do not direct any health care provider to bill the Wabash Schools for any service.

ATHLETIC AWARDS

Awards are an integral part of most activities. They exist to reward, indicate belonging and show commitment to a cause. Awards are important and Wabash athletes are recognized with a wide variety of earned awards. It is always very important to keep awards in perspective. Too many or inappropriate awards indicate a disregard for the true meaning of sport while too few can indicate a feeling of non-importance. In reality, awards cannot truly show what has been gained from competing in athletics...the development of loyalties, commitment to cause, learning about one's limits and representing one's school, community, family and self.

All sports are considered major sports at WHS. Athletes, as defined by WHS, are eligible to earn awards. Each sport gives the same type awards and all awards are purchased by the Athletic Department. No athlete may receive an award in a sport for which he/she is academically ineligible at the completion of the season, under suspension for an athletic violation at any time during the season or otherwise not in good standing.

BOOSTER CLUBS

Each Varsity sport may have a booster club. The head coach is directly responsible for the Booster Club and any activities that they perform. A copy of any by-laws or rules as well as a yearly financial statement will be kept on file in the athletic office.

CHEERLEADING

Cheerleaders will be selected by the cheerleading sponsor. The sponsor will hold tryouts in the spring for the following year and will announce the criteria and process for selection, as well as any requirements, prior to the tryouts. There will be a maximum of 8 (eight) positions on the varsity, and 6 (six) on the reserve. Any cheerleader who wishes to cheer during only the fall or winter must let that be known prior to tryouts.

CLINIC ATTENDANCE

The Athletic Department will pay for registration and 1 (one) single nights lodging for one clinic for each program. Registration will be paid for any paid or approved volunteer assistants as well as the head coach. Meals and mileage will not be paid.

COACH/PARENT COMMUNICATION

Both parenting and coaching are extremely difficult vocations. By establishing understanding of each position, we are able to accept the action of the other and provide greater benefit to children. As parents when your child becomes involved in our program you have a right to understand what expectations are placed on your child. This begins with clear communications from the coach of your child's program.

Communications you should expect from your child's coach:

1. Philosophy of the coach.
2. Locations and times of all practices and contests.
3. Team requirements: practices, special equipment, out of season conditioning.
4. Procedure followed should your child be injured during participation.
5. Discipline that may result in the denial of your child's participation.

Communication coaches expect from parents:

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns with regard to a coach's philosophy and/or expectations.

As your child becomes involved in the programs at Wabash, they will experience some of the most rewarding moments of their lives. It is important that they understand that there also may be times when things do not go the way you or your child wish. At these times, discussion with the coach is encouraged.

It is very difficult to accept your child's not playing as much or where you may hope. Coaches are professionals. They make judgments based on what they believe to be best for all students involved. With coaches, the team supersedes any individual.

There are situations that may require a conference between the coach and the parent. It is important that both parties involved have a clear understanding of the other's position. When these conferences are necessary, the following procedures should be followed to help promote the resolution:

1. Contact the coach to set up an appointment.
2. If the coach cannot be reached, call the Athletic Director. A meeting will be set up for you.
3. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both parent and coach. Meetings of this nature do not promote resolution.

If the meeting with the coach did not provide a satisfactory resolution, the next step is to call to set up and appointment with the Athletic Director to discuss the situation.

COACHING MEMBERSHIPS

The Athletic Department will pay the membership dues for all varsity head coaches into the NFHS and their respective state association. The Athletic Department will also pay the membership dues for all paid high school assistants and approved volunteers for their respective state association .

COLLEGE RECRUITMENT POLICY

The Wabash High School athletic department is vitally interested in each athlete receiving an opportunity to obtain financial aid for attending a college, university, or other institution of higher learning. There are very few athletes across the country who receive full athletic scholarships. The NCAA standard for entrance is 800 minimum SAT score and a 2.0 on a 4.0 scale. Since there are very few full athletic scholarships given it is advisable to have your student/athletes fill out a Financial Aid Form also as soon as possible; because all other financial aid is based on need.

All athletes must now be cleared through the NCAA Clearing House if they plan to play college athletics. Information can be obtained from the Guidance Department or the Athletic Director. According to the "Family Education Rights and Privacy Act of 1974" dealing with student records, in order to make available grade

transcript information of a student under eighteen (18) years of age, Wabash High School must have the written consent of the parent or guardian. If the student is over eighteen years of age, the student must give written consent.

DANCE TEAM

Dance team members will be selected by the dance team sponsor. The sponsor will hold tryouts in the spring for the following year and will announce the criteria and process for selection, as well as any requirements, prior to tryouts. The number of positions on the dance team will be commensurate with the skills of the students trying out, but will not exceed 13 (thirteen).

PARTICIPATION

The following regulations are in addition to the rules established by the IHSAA:

1. Every student shall be given an opportunity to participate in the interscholastic athletic programs provided the student meets the basic requirements in regard to eligibility, parents-physicians examination form and rules and regulations form on file, and meets the requirements and standards established by the head coaches.
2. Interscholastic athletics are by nature highly competitive and very selective. Not everyone will possess the skill and ability to compete successfully at the interscholastic level in a particular sport. Since a wide variety of different sports are offered, it is hoped that a majority of students can find an activity which is best suited to their ability and interest. It is strongly recommended that coaches help and encourage students to locate the proper mode and outlet for the skills and interest they possess. Multi-sport participation is not to be discouraged, but rather promoted.
3. If an athlete has been removed from one athletic team due to disciplinary reasons, he/she may not try out for another sport until that sport season of the team from which he/she has been dropped has been completed.
4. Coaches are not to use **UNDUE INFLUENCE** to induce an athlete to quit one team for the purpose of joining another squad.
5. Any athlete who wishes to participate in more than one sport during the same season must fill out a multiple sport contract. This contract will be signed off on by the student athlete, a parent, the Athletic Director, and the coaches of both sports. This contract will establish minor and major sports for the athlete as well as practice plans. If this contract is not signed off on by all parties the athlete will not be allowed to participate in more than one sport during that season.

PRACTICE

Athletic teams shall not practice an unreasonable length of time. The length of practice shall be consistent with sound educational philosophy. The IHSAA strictly forbids practices, team meetings, film viewing sessions, etc. on Sunday.

Coaches are requested to develop written practice plans, establish consistent practice starting and ending times when possible and make sure to notify athletes and parents of the practice times. Establish a definite practice attendance policy. Notify team members of the policy and enforce it.

PUBLIC RELATIONS

The administration, coaching staff, athletes, cheerleaders, and the student body are all in the public eye and serve as public relations agents at all times and particularly at home and away athletic events. Athletic department personnel and athletic teams occupy an extremely strategic and sensitive position when it comes to good public relations. The actions, appearance, attitude, language, etc. exhibited by all concerned with athletics are important and should reflect the highest standards.

The following guidelines represent additional public relations considerations:

1. Coaches are to stress proper conduct when traveling on Wabash City School buses and in public.
2. Coaches are held accountable for reporting all games, meets, etc. results win or lose to the

media.

Coaches will put all event information on VNN. Each Athletic Department Extra-Curricular will have a login to report all scores, pictures, and information to. This will also send information to the media contacts listed below.

Scores should be reported sufficiently early to be publicized on the day following the contest.

Each member of the athletic department should utilize the press, radio, television, social media and school organizations to promote the Wabash City Schools athletic programs.

Regardless of your emotional feelings at the time of contact with the media, try to remain upbeat and positive. Never badmouth our athletes, they are all we have. Always remember, criticize The Performance and not the Performer, and never get the two mixed up.

The person who "does well" is not always found on a winning team. Yet he/she deserves just as much praise as anyone. Rather than join the critics and fans, coaches can acknowledge good play and sportsmanship even though it does not produce a championship.

SCHEDULING OF ATHLETIC CONTEST

The scheduling of an athletic contest is a cooperative effort involving the head coach of the respective sports and the Athletic Director.

1. IHSAA, TRC, RRC and Wabash City Schools rules and regulations regarding contracting shall be followed.
2. The welfare of the athletes shall be considered in the scheduling process.
3. It is very highly recommended that opposing schools be scheduled that are of comparable size or athletic prowess, have similar facilities, and possess a sound educational and athletic philosophy.
4. Every attempt will be made for all varsity teams to play the maximum number of games allowed in that sport by the IHSAA.

STAFFING

The Athletic Director is responsible for coordinating all interviews for coaching positions as they become available. Under no conditions is a head coach to hire an assistant without going through the proper interview chain of command. In the case of emergency coaches, the head coach will notify the Athletic Director of the vacancy available in writing. The vacancy will then be posted according to bargaining unit regulations. After the vacancy has cleared the mandatory days of posting the Athletic Director and the head coach of the sport involved will interview the candidates with the best credentials. The head coach and the Athletic Director will make the selection. The Athletic Director will then prepare a written recommendation to the Superintendent of schools and the School Board.

After approval by the Superintendent and the Board, the head coach may release the appointment to the media. Head Coaches must remember that all appointments are contingent upon the boards' approval.

The Athletic Director will prepare for the Superintendent of schools at the beginning of each school year a complete list of all coaches and their positions. If all positions are not filled at the beginning of the school year, the same process afore mentioned will be used to fill any vacancies.

STUDENT ATHLETIC TRAINER

Any student athletic trainer who trains for just one season and completes the second or subsequent year in good standing and has met all of the requirements set forth in the Wabash High School Student Athletic Trainer Handbook, including satisfactory completion of knowledge and skills tests, will be eligible for a varsity training letter.

Students who do not satisfactorily complete knowledge and skills tests must complete a second season as a student athletic trainer in order to earn a varsity training letter.

TELEPHONE POLICY

Coaches making long distance phone calls or sending faxes for athletic department purposes may use the athletic department code. If phone calls are for personal use then coach must use personal code.

TICKET POLICY

The administrative staff shall determine ticket policy. The ticket policy shall be made available to the coaching staff or to the public upon request. This information will always be released to the media prior to the start of the fall sports season with any changes being made from year-to-year being made prior to the release. All members of the coaching staff, school board members, and Wabash City School Administrators will be given an All-Sports Pass for use by them or members of their immediate family.

TRANSPORTATION

1. The primary responsibility for securing proper transportation for all athletic teams belong to the Athletic Director. School buses or activity buses shall be used for most athletic trips.
2. In no instance should a player be permitted to drive a vehicle to an athletic contest. If private transportation must be used it must be driven by a licensed adult driver over 21 years of age, preferably a parent or a coach. This person must have proper insurance.
3. All athletes shall travel to and home from away contest in the officially designated team vehicle(s).
4. Athletes are prohibited from returning home on their own or with friends. Coaches may grant permission for an athlete to arrive or return home with his/her parents or a designated adult on occasions (deemed necessary by the athletic director) provided the parent/parents fill out an Athletic Department Travel Release. All requests must be made in advance of the contest. NOTE: It is advisable to discourage this practice as much as possible. We travel as a team, return as a team.

VOLUNTEER COACHES

Volunteer coaches are an important part of all athletic programs and are often times vital to the success of a program. Head coaches are responsible for recommending volunteers to the athletic director before the start of their season. Volunteer coaches must complete a background check and be approved by the school board before they perform any coaching duties or interact with our student athletes. It is highly recommended that each program uses only the number of volunteer coaches necessary to operate in an effective manner. Graduates or other adults may be approved as summer volunteers in order to participate with and against our student athletes during open facilities. These volunteers are not considered part of the coaching staff.

SPORTS PROGRAMS
