

Northwestern High School Athletics

Fan's Guide for COVID Restrictions

We are excited to welcome fans to our events this year to cheer on your student-athletes. Please understand, due to the COVID-19 pandemic, many of our procedures have changed and will continue to change as needed. We will post our most recent updates and regulations on the athletic website.

Tickets

All ticket sales will be digital. Fans must purchase tickets online at <https://northwesterntrojans.org/event-tickets> There will be no tickets available for purchase at ticket gates.

Seating

Due to health guidelines seating will be limited at all events. Fans in the stands will be expected to maintain social distancing as required. Due to spacing limitations, there will be limited tickets available for every event. Purchase your tickets early to ensure entry to the event. **Tickets go on sale one week prior to the event.**

Safety Precautions

All persons at a Northwestern High School event must always wear proper face coverings. Anyone not in compliance with the district's face covering regulations will be asked to leave campus without a refund. The district may require additional safety measures as needed. Please understand that any additional steps we are asked to take are with the intentions of allowing our student-athletes to be able to compete and continue their seasons.

Pre-Game & Post-Game Procedures

Rock Hill School District is asking that fans remain off any athletic field or court before, during, and after every athletic contest. Fans should not congregate at the gates after events to socialize or wait for student-athletes. We are asking that all post-game conversations/gatherings take place off campus to ensure the highest safety standards for everyone involved.
