

# Licking Memorial Health Systems Sports Screening Program

**FREE** to Licking County students entering grades 7 through 12 who participate in sports, marching band and C-TEC's Criminal Justice, Fire, and Physical Therapy programs.

Screenings will be held during the month of July at Licking Memorial Hospital Urgent Care locations in Downtown Newark, Granville and Pataskala.

**Advance registration is required.**

Appointments may be scheduled by calling:  
**(220) 564-7906.**

In order to comply with proper social distancing measures, face masks are required, and we ask that parents/guardians wait in their car during the visit. If needed, we will allow one parent/guardian per student to be present during the examination.

All registration forms must be completed prior to arrival.

Heart screenings and the ImPACT baseline concussion test will not be offered this year.

Please email [sportsphysicals@LMHealth.org](mailto:sportsphysicals@LMHealth.org) with any questions.
