Greenfield High School takes great pride in the quality of its athletic programs. We also strive to display the highest level of good sportsmanship, both on the athletic field and in the stands.

Athletics and co-curricular activities are not a diversion, but rather an extension of a good educational program. Students who participate in after school programs tend to have higher grade point averages, better attendance records, lower dropout rates and fewer discipline problems than the general student population.

Below are the athletic teams that are offered at Greenfield High School.
