

According to guidelines set forth by the North Coast League, schools are to charge adults \$7 and K-12 students/senior citizens \$5 at the door for JV/varsity league basketball games.

The North Coast League gives schools the opportunity to sell pre-sale tickets which allows the visiting school to sell tickets at a discounted rate for road contests. As an incentive, schools selling the pre-sale tickets get to keep the pre-sale money.

Pre-sale tickets for road league games can be purchased at any point in the athletic office but you have an opportunity to buy in advance by filling out the form on page two.

By making a pre-sale purchase, you'll save a \$1 per ticket per game and Beaumont School will bring in revenue for road games that would otherwise benefit the host school.

Below are the North Coast League road games that you can purchase tickets for.
