*Weld Central High School*

*Keenesburg, Colorado*

*2017-2018*

# *Weld Central High School Rebels United*

This student handbook is designed to serve as a guide to the responsibilities and expectations that accompany the privilege of being a member of Rebel United. Please carefully review the contents to be informed, organized, and fully aware of your role within Rebels United and the obligations of your membership.

## ***Welcome to Rebels United***

You have chosen to be apart of a program designed to improve school pride not only in athletics and activities, but in academics as well. Rebels United is designed to encourage students to take part in all of the wonderful opportunities Weld Central High School has to offer. We as a club will encourage students to dress up for games, try hard on tests, and demonstrate good character. We will offer points for a variety of activities students can partake in to demonstrate school pride. We will work hard to raise money for prizes towards monthly drawings, year end awards, and special activities. This club will be a student centered club where members bring ideas to the table about ways we can improve school pride and involve more students in the wonderful opportunities Weld Central High School has to offer. I look forward to collaborating with you all.

### ***Member Expectations:***

#### ***Meetings:***

Rebels United will have two meetings a month in which we will discuss our activities for the month as well as special activities we want to sponsor during that month. Meetings will be conducted at 8 am in Ms. Olson's room, Room 209. It is expected that you attend a minimum of 1 or 2 meetings each month. If you can not make a meeting, it is expected that you get the information from another member or Ms. Olson.

#### ***Fundraising:***

Members of Rebels United are expected to help with fundraising. We will go out in the community to fundraise. This could be talking to companies about donating gift cards or prizes to go towards our drawings and year

end awards. We will also work concessions at some games to raise money to sponsor activities and buy prizes.

### ***Eligibility:***

Eligibility is pulled every Thursday. Any student with at least one F or more than one D will not be eligible for the following week's activity. Rebels United is built on school pride and you are an example of what we want our school to be. This starts with academics. If a student is ineligible for 3 straight weeks, they will be asked to leave Rebels United.

### ***Discipline and Consequences:***

Members of Rebels United are to hold themselves to a high standard. Members are to demonstrate good character and show school pride. Social media should not contain any content that can be found as embarrassing to Weld Central, or to Rebels United. As a club we will have social media pages to spread the word on upcoming activities we are sponsoring. Members in charge of these social medias are responsible for keeping them clean and respectful. Any student who fails abide by these rules will be asked to withdraw their membership from Rebels United. Members will be asked to attend games scan in students who attend as well as help with tasks as requested. Members are to be respectful. Disciplinary action may occur if a member is disrespectful in any manner or fails to do their requested job.
