

Frank Alvarado

Athletic Director

1993-2004

A graduate of Santa Ana High School; he came back to serve at Santa Ana HS as a teacher, coach, and athletic director. During his tenure as athletic director of Santa Ana High School, from 1993-2004, Frank's leadership and vision established him as one of the top athletic directors in the County, and he was distinguished among County athletic directors when he was appointed to a two-year term as President of the Orange County Athletic Director's Association. Frank continued to serve as a mentor to athletic directors throughout the District until his retirement in 2012. But Frank was not finished yet; he returned, at the request of the District, to lend his experience in the design and construction of the Santa Ana Unified School District Sports Complex.
