*Tom worked at Santa Ana High School for 25 years, from 1991-2016. 22 of these years he served as the assistant principal in charge of facilities and athletics, Tom played an integral role in coordinating the massive \$60 million modernization project that took place on campus over the span of three years. Over the years, he also managed communication and organization with District personnel in handling all repairs/work orders, upgrades to athletics facilities, and projects both large and small.*

*Tom is and has been a constant presence at nearly every football game and countless other sporting events at Santa Ana High throughout his 25 year career. He devoted so much of his time getting to know not just the athletes, but all students on campus, interacting with them on the sidelines of games and practices, at lunch and during passing periods. Whereas his primary role was to handle discipline in the Student Relations Office, he continued to be beloved by all the athletes. When parents weren't present to support their children, Tom was always there to provide words of encouragement or congratulations. He touched the lives of countless numbers of athletes and students.*
