

### Marion Local Fall Season Ticket Information

Marion Local is teaming up with GoFan Ticketing again this year! You will be able to purchase your **home** game **General Admission** tickets on the Marion Local Athletic Website. The tickets will be emailed to your email address or you will be able to use their app to see your tickets. These tickets will be available on your phone for validation at the gate/door of the game. This process will be much like purchasing a ticket to a college or professional game. Marion Local's All-sport passes and individual game tickets will also be made available through this site. Reserved seats will be sold like in the past and we will still offer the paper versions of all of these types of tickets.

Marion Local Football Season ticket order forms can be picked up at area churches or on the school website. Past season ticket holders may reclaim their seats through the **mail** as well as first time buyers. Orders may be mailed in until **Aug. 16<sup>th</sup>**. There are currently 3 open single seats available in the reserved section. If you will **NOT** be renewing your football season tickets, **please** inform the Athletic Department. Tickets will be sold at school on the following dates:
