OAKVILLE FOOTBALL CAMP

The goal of the camp is to improve the skill, knowledge and techniques for all players, which will ultimately improve the success of the Oakville Football Program. The camp creates an environment of greater understanding of the terminology and schemes for the Oakville Football Program. Athletes will become more proficient with, the fundamentals, techniques, skills, motivation and sportsmanship necessary for success in the sport of football, while expanding their overall knowledge and strategy of the offensive and defensive positions. Through selective drills, our staff will improve players' performance in the game of football and allow them to leave the camp a better player than when they arrived. We stress individual technique and sound football fundamentals so that each player participating in the program will have a solid foundation to build upon. The camp's daily format features individual drills for skill enhancement, group and team sessions for team building.

You will leave camp with a better understanding of football, the Oakville Football Program, and a better football player.
