**Alicia Price** graduated in 2016 from Ohio University with a bachelor's degree in athletic training. She currently serves as Athletic Trainer for Newton High School. Alicia finds her work interesting thanks to the diversity of each day. "This is a career field that is always changing," she said. "You never walk into work and have the same day, and there is always something different that keeps you on your toes. The human body is a wonderful thing, and this career field allows you to explore and educate athletes, coaches, and parents about how it works or adapts to a multitude of injuries." Alicia joined Premier Health in 2016. She is active and enjoys being outdoors. In her spare time, she enjoys crafting, watching HGTV, and spending time with family and friends.

**Mark Zunkiewicz, MD**
