

DRAGONFLY MAX

Hey Mom & Dad,

We are very excited to introduce you to a new tool that your school is using to ensure the health of your child - **DragonFly MAX!**

DragonFly MAX is an athlete-centered secure electronic medical record focused on improving health, performance, and communication. The **MAX** platform simplifies the task of completing preseason paperwork by allowing you to complete all the forms required by your school electronically. The only hand-written form to submit each year will be your child's Physical Examination Form that your medical provider fills out and signs.

Additionally, you can now receive real-time notifications and care instructions when your child is evaluated by the school medical staff. **MAX** also provides messaging and scheduling features that help better communicate important team info.

Please use a desktop, laptop or tablet computer to complete the forms. The forms aren't available through the app to complete. Using a browser from your cell won't support the completing of forms either. Follow the simple steps below and don't hesitate to reach out to us through our website if you need any assistance email your White House Heritage High School Athletic Trainer Megan Given at megan.given@rcstn.net.
