BASEBALL TEAM

The baseball team was very successful last fall. Four games were played, three being victories for Clay.

The same squad appeared for practice in early spring. Only one former player was lacking. From the results of the first two games we can look forward to a prosperous season.

In the first game Clay walloped Holland 16 to 1, and in the second defeated Point Place 7 to 5. Ten games have been scheduled and if the team is fortunate enough not to receive any injuries, we look for eight more victories for Clay.
