

Dear John Hay families,

In an effort to create a more effective and efficient system within the John Hay athletic department, it is now a requirement for every student-athlete to sign up for Final Forms and complete the required forms. These are the same required forms that you must fill out every year, but now the forms will be kept online.

Final Forms will make everyone's life easier as the information stays in the online system from year to year - which means less work for you - and it allows coaches, administrators, etc. to quickly check crucial emergency information, eligibility, etc.

In order for your student to be eligible to play sports at John Hay, you must create a Final Forms account for your student and fill out all of the required forms. Your student will not be allowed to play if these forms are not complete. In addition to Final Forms, your student must also have a physical on file and be academically eligible.

I'm looking forward to another fantastic year of sports here at John Hay.

If you have any questions, feel free to contact me.

Go Hornets!
