We are very excited to continue our outstanding tradition of youth golf at McCutcheon. Our youth needs to become the foundation of our programs. In order for our golf programs to be as successful as we all want them to be, we need to develop the youth base to the best of our abilities. Our Boys and Girls program will be working together this year for an opportunity to make their programs well known! This year's camp will be an excellent opportunity for your son/daughter to work with our varsity staff's and players. Our coaches and players are excited to teach the basics of golf.
