

It's that time of the year...

Sports Physicals @ the Teen Health Center

The Muskegon Teen Health Center and the Oakridge Teen Health Center are here to provide Well Child Exams and Sports Physicals to student athletes participating in ALL sports. The cost for a Sports Physical for all school-age adolescents is \$15.00.

Get your Well Child Exam / Sports Physical today!

Our standard of care is to provide a complete Well Child Exam (complete annual physical) versus a sports physical unless the parent / guardian or student elects to have a Sports Physical exam only.

Complete Well Child Exams are usually covered in full by the patient's insurance provider.

Both Teen Health Centers offer full primary care services, dental services and mental health services to adolescents.

By completing and signing a Parental Consent Form, we can conveniently provide your student with the Well Exam/ Sports Physical they need.

We will bill your insurance at the time of your visit. If you are uninsured or underinsured and need assistance, please stop in or call one of the locations below.

We are here to help.

Muskegon Teen Health Center
80 W. Southern Avenue
Room E113
