BOAT SAFETY INSPECTION

The Georgia B.A.S.S. Nation relies on Boat Captains and High School team partners to insure her/himself that the assigned Tournament Boat is safe for a day's fishing. The team should determine the location and condition as a minimum of the following items:

- Fire Extinguisher, Type B, C, or A, B, C, and is it in the GREEN?
- Bilge Pump(s), is the sump free of litter? Turn pump ON – is it running?
- Sounding Device, is it operational?
- Know the Location of the Master Switch, Bilge Pump Switch, and the Navigation Light Switch.

Now the boat team may proceed to the dock by flight in numerical order for the {GBN} Tournament Committee to inspect the boat for the following:

- Are the Navigational Lights, installed and on?
- Are the PFD's {Life Vests} USCG Approved – Type I, II, III, and in good condition, and can be zipped, hooked and or snapped secure?
- Is Kill Switch {Electrical Interrupt}, Functional and attached to the operator?

PLEASE CHECK THESE ITEMS PRIOR TO ENTERING THE LIVE WELL CHECK AND TAKE OFF AREA.
