Overview:

The Alexander Cougars are thrilled that you considered becoming a sponsor for the Athletics Program as a whole or for individual teams. This portfolio will describe several options available to you that will mutually benefit both entities. Once you have reviewed the choices, please indicate which best suits your needs and desired contribution.

In light of the financial hardships recently encountered due to COVID-19, we are happy to accept service-in-kind donations as well as products/goods that have a monetary equivalent. As always, Douglas County Schools/Alexander High School is a charitable organization. Therefore, any contribution will be tax deductible. We will provide documentation for your records.
