

CHELAN ATHLETIC DEPARTMENT *PHILOSOPHY STATEMENT*

CORE VALUES = WHAT DOES IT MEAN TO BE A **GOAT?**

Growth-Mindset

We embrace challenges. We learn from our mistakes. We recognize the importance of attitude and effort both on and off the competitive arena and in the classroom. We strive to be better than we were yesterday.

Integrity

We are morally and ethically driven individuals who understand the responsibility we carry in representing our school and community. We use our sense of pride in a positive way to guide our actions by adopting an attitude of grace and humility.

Accountability

We do what we say and build trust by living up to our team commitments. We “honor the game” by demonstrating sportsmanship and respecting ourselves, our opponents, our game officials, our coaches, and all spectators.

Passion

We exude a compelling desire and enthusiasm by competing to be our best each and every day both in the classroom and on the playing field.

OUR MISSION

Educate/Energize/Empower

“CHS integrates interscholastic athletics into the educational process by providing a program that has a lasting impact on future success of its students. We believe that through education, competition, and a positive personal environment, students learn to develop our department core values.

Our core values embody the school’s mission of “Empowering each student to develop his or her full potential.” Additionally, we believe that a successful, highly competitive athletic program will serve as a source of civic pride and ultimately enhance our school and unite the Chelan community.”
