## Team App Features

GLHS Booster have set up Team App for each Gahanna High School & Middle School Sport to help with communications and consistency across all teams. Booster Reps and trusted parents can easily assist Coaches in keeping everyone informed.

Each App has been set up with 6 features to keep Athletes and Families informed:

**NEWS** – Send push notifications and emails, add pics, videos or a pdf. News articles can be made public on your site or set to be visible only to certain teams (Varsity, JV, Freshmen).

**SCHEDULE** – Add your game and practice schedules by team (Boosters will help with this). Include an address and fans can sync with their phones which are automatically updated and notified when changes occur.

**LIVE SCORE** – Give a trusted parent access to broadcast what's going on during the game for those that couldn't make it. This frees up twitter for game summaries and important promotional tweets.

**GALLERY** – Post pics of events and special occasions.

**STORE** – Allows you to sell items for fundraising or register and collect payments for clinics and camps.

**DOCUMENTS** – Upload pdf documents to display in your App. These could be reports, forms, flyers, general notices or any document.

There are more features available, the 6 selected cover the basic communication needs of a team without overwhelming you or fans. Check out the other features and use the contact info at left to request turning on other features to test them
