South Putnam Varsity Football Players

*"As a South Putnam football player you learn
how to become a man. It's more than just a
game... it's a life lesson. You've got to work for
what you want... things aren't handed to you,
the wings on your helmet are earned. The
ability to work together is a lifelong
characteristic that you need. Playing every play
like it is your last play is the mindset you need to
have throughout life."*
