

Athletics Participation Fee

Mars Area School Board has approved a \$100 Athletic Participation Fee per student per sport. (e.g. If a student participates in three sports, for example, the fee will be \$300.) There is no per student or family cap.

Note: Students eligible for free or reduced price school meals will have their fees waived.

Checks should be turned in with physicals to the Nurse's Office at the appropriate school building. No athlete will be permitted to practice without a completed physical and paid fee. Students who are not selected for those sports requiring tryouts will have their checks returned. Your check will be returned to you by mail unless other arrangements are made.

For more information, call (724) 625-9380.
