INTRODUCTION - PHILOSOPHY

A. PHILOSOPHY AND PURPOSE OF ATHLETICS IN THE TOTAL SCHOOL PROGRAM

The philosophy and purpose behind the organization and administration of the athletic program in the Coldwater School District is based upon the belief that every healthy pupil may have an opportunity to participate in athletics at his or her level of interest and capacity.

The athletic program of the Coldwater School District is an important part of the opportunities for learning, providing for the children and youth of the community. All of us, as coaches and teachers are confronted with a tremendous challenge; that of the responsibility of guiding every youngster that we come in contact with daily. Be it in the classroom, on the field, track, or court; it is our responsibility to assure that each child has benefited physically, emotionally, intellectually, and morally from those experiences.

Athlete/Cheerleader as defined in this document are one and the same.

B. PURPOSE OF THIS GUIDE

This guide has been established for the purpose of providing a frame of reference under which the athletic program of the Coldwater School District can be organized, administered, and supervised. Every staff worker in this program is expected to be thoroughly familiar with the provisions of this guide and to carry out his/her individual responsibilities in line with the suggestions contained within.

It is hoped that this material will serve as a means whereby the values of athletic participation can be enjoyed by even more pupils and the entire program better understood by all concerned with the education and development of our youth.

C. A POINT OF VIEW ABOUT ATHLETICS

The mental and physical development of pupils who participate in after school athletics is supervised through a broad sports program extending from seventh grade through senior high school.

Coaches in the Coldwater School District are expected to promote the broad educational development of youth. Coaches are in a position to exert considerable influence in guiding youth and encouraging them to achieve the highest level of their potential. Coaches are asked to check the grades of all squad members. If a pupil’s school marks are below the level which the Guidance Department feels he/she is capable of achieving, the coach should talk to that pupil about the importance of having a good school record.
The commitment to each season, athletics, Coldwater High School team and the individual is made by each student athlete and coach. The sports season commitment begins with pre-season practice and extends through the banquet of that particular activity. Teaching responsibility, commitment, and loyalty is another facet of the entire athletic program, which is a goal that the school district strives to achieve.

D. **COACHING PHILOSOPHY**

Success in any athletic program requires interest, enthusiasm, dedication and loyalty on the part of all coaches, as well as understanding and promotional management from principals. It is the responsibility of all coaches in the athletic program to know their squad members, to help them as individuals, and through their teaching, to develop wholesome attitudes of dependability, team spirit, and dedication.

No coach can expect to make significant contributions to the sports program unless he/she is first a successful, dedicated person who has developed a wholesome relationship with youth based upon his/her own understanding, leadership, and inspiration. There is little difference between a champion and a near champion. A willingness to fight harder when the chips are down may be the primary difference. In pupils, this quality is developed through:

1. Supervised experience.
2. Faith and confidence emerging as a result of a pupil doing his best every day.
3. Training which develops the physical, moral, and spiritual qualities necessary to overcome the impossible.

In promoting the above opportunities, the coach must function in many roles -- teacher, friend, counselor, taskmaster. In all these roles, however, a coach should consider the following principles in promoting the development of pupils.

The Role of a Coach:

1. The role of a coach demands that he/she first be an individual with all the personal qualities the profession demands. Pupils participating in public school athletics are far from finished products at any grade level.
2. Each athlete must be handled differently. Some can be persuaded to do better, most can be cheered into doing better, some do better if left alone.
3. Each athlete should be recognized as an individual, his/her problems determined, and an effort made to find out what offends and bothers him/her -- what it takes to help make them do their very best.
4. It is necessary to be positive in teaching; an athlete must be confident that they can win. It is easy to criticize, much more difficult to suggest ways to correct deficiencies. Mistakes should be moderately but firmly corrected, with emphasis on what can be done to improve.

5. Tobacco in any form is not to be used while coaching. This applies to the dressing room and field of play.

6. Enthusiasm should prevail throughout explanations and work. Everything possible should be done to build up an athlete’s confidence in the coach as a person.

7. Coaching duties include promoting good language, respect, and clean living toward the end that our teams are representatives of the best.

8. Coaches are required to have a preseason parent/guardian meeting in which an opportunity is made available for parents/guardians to learn the coaches philosophy and ask details regarding the upcoming sports season.

9. Finally, one of the greatest services a coach can render to athletes is to help them help themselves. The following suggestions may help athletes in helping themselves.

   A. Each player should be given a sense of direction. Through a definite plan for the season, goals should be established so that every participant can enjoy a feeling of progress toward identifiable objectives.

   B. Practice sessions should be planned in such a manner that every moment is effectively utilized. Coaches should strive to accomplish their practice objectives within a pre-scheduled two-hour period.

   C. Players should learn something new throughout each season.

   D. Planned practice sessions are required for all coaches.

   E. Enthusiasm should be shown in outlining the plan of action for a game or contest. Instructions given clearly and confidently will be understood.

   F. Practice sessions can be designed in such a manner that players have a chance to succeed not once but many times. Success builds confidence.

Our ultimate goal is a successful sports program which aims to build representative, successful athletic teams; creates a winning school atmosphere; and sends boys and girls out of school with ideas and personal qualities that will make them winners and leaders in life.
COLDWATER INTERSCHOLASTIC ATHLETIC POLICY

Student Athlete Conduct Code

Rights and Responsibilities

Students attend Coldwater Exempted Village Schools under the direction of state law and with the full benefits of constitutional protection for their right as citizens. They therefore can speak, act or behave as young citizens within a large scope of options. This code is published in conformity with the right of reasonable treatment from the coaches and advisors. The school, in turn, has the right to expect reasonable behavior from student athletes. Cheerleaders are defined as Athletes. The rules are in effect while the athlete is representing the Coldwater School System during the sport’s season in which the athlete is involved.

Rules and Regulations

1. All athletes must meet the eligibility requirements as determined by the Ohio High School Athletic Association & the Coldwater Exempted Board of Education.

2. An athlete shall not behave in such an unsportsmanlike manner that could cause physical injury or damage to other athletes, students, school personnel, or school property.

3. The athlete shall not fail to comply with directions of coaches during the sports season. This includes practices, attitude problems, appearance, curfew violations, eligibility and theft of equipment.

4. To be eligible for the next nine weeks, each athlete must: 1) maintain a C- average (a 3.51 on a 12.0 scale) for the preceding nine weeks grading period (Special Education students may elect to take a P or F rather than a letter grade in their mainstream courses); 2) be passing in subjects at the end of the preceding nine weeks grading period that earn a minimum of five credits per year toward graduation or promotion to the following grade level.

5. Tobacco, illegal drugs, alcoholic beverages: An athlete shall not possess, conceal or be under the influence of any of the before-mentioned items. E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes.

6. Students are required to be in school a minimum of one-half days on the day of an extra-curricular event in order to participate or must receive prior administrative approval. (1/2 day is defined as 4 full regular periods under a 7 or 8 period day)
The athletic application of the board adopted policy is related to enforcement beyond the scope of the school day and school functions and applies to the individual policies, rules and regulations approved for each sports program.

Other behavior not defined in this policy but deemed to be unbecoming of an athlete/participant will be grounds for suspension and removal from the co-curricular and extra curricular activity.

E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes.

Involvement beyond the scope of the school setting.

Students attend Coldwater Exempted Village Schools under the direction of state law and with the full benefits of constitutional protection for their rights as citizens. They therefore can speak, act or behave as young citizens within a large scope of options. This code is published in conformity with the right of reasonable treatment from the coaches and advisors. The district, in turn, has the right to expect reasonable treatment from the coaches and advisors. The district, in turn, has the right to expect reasonable behavior from student athletes. For sports approved for Club or Activity status, they will be under the same training rules, responsibilities, and requirements of all athletes. The rules are in effect while the athlete or participant is representing the Coldwater School system during the sport’s season or activity in which the athlete or participant is involved.

In the event that students violate the policy while a member of an approved extracurricular program, then compliance with the policy is as follows:

Consequences for violation of the policy by athletes/participants include:

Individual Sports/Activities

The following consequences apply to individuals who violate the alcohol, tobacco products, illegal drug policy during a single season or activity. E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes. Offenses are not cumulative except for the season in which they occur.

First offense in a season: An athlete found in violation of the tobacco, illegal drugs, alcoholic beverages policy will be suspended from a number equal to 20% of the regular season contests immediately following a meeting with the athlete/participant. This number will be included in the rules for participation signed by parent and student at the beginning of the season or period of the activity. Any unfulfilled suspension will be applied to the next regular, full season in which the athlete/student participates using a formula (percentage) which is relative to the length of that season and equal to any unfulfilled portion of the previous season consequences. In athletic post-season play, the normal number of pre-determined games of suspension will be applied.

Second offense in a season: The athlete will be suspended from the activity for the remainder of the season period. The athlete is ineligible for post-season awards.
Cumulative Application of Consequences -- Three Strikes and You Are Out Rule (Third Offense)

The following consequences apply to individuals who violate the tobacco, illegal drugs, alcoholic beverages policy during their High School Career as a Coldwater High School athlete. In this case the consequences are cumulative and a third offense will result in the loss of participation for a calendar year.

Third offense: The athlete will be denied the privilege to participate in school-sponsored athletics for a period of one calendar year.

Due Process Procedure

Pursuant to 3313.664 of the Ohio Revised Code, students may be suspended by the Superintendent or his designee from participating in extracurricular activities for a period of time as defined in this policy for any violation of the Student Code of Conduct or violations of posted rules and regulations established by the Coldwater High School Athletic Department, individual coaches and sponsors.

Before a suspension is imposed pursuant to this policy, the Superintendent or designee will provide notice to the student of his or her intent to suspend the student from participation in extracurricular activities, which will include the reason for intended suspension. The student will be given the opportunity to appear before the Superintendent or designee to present any reasons the student may wish to offer as to why he or she should not be suspended. After the meeting, the Superintendent or designee will provide the student and his or her parent or legal guardian with written notification of the suspension, the reason(s) for the suspension, and the length of the suspension.

1. When an infraction occurs, the coach/sponsor/director/athletic director/principal has the responsibility to discipline the participant.

2. The coach will confer with the athletic director and/or building principal to discuss the action and consequences as defined by this policy. School personnel will then meet with the athlete being disciplined to present him or her with the charges. The athlete will have an opportunity to explain his or her position. A decision will be rendered and written notification will be mailed to the parent/guardian within twenty-four hours of the decision.

3. The athlete will be given the right to appeal the decision of the coach to the principal within twenty-four hours of the meeting.

4. The principal will be responsible for making a recommendation to uphold, overturn or modify the consequences of the infraction. During the appeal process, the athlete will not be permitted to participate with the team.
5. The final authority to accept or deny the appeal will be the responsibility of the Principal. A decision will be rendered and written notification will be mailed to the parent/guardian within twenty-four hours of the decision.

6. The school has the authorization to contact the Mercer County Juvenile Court, Mercer County Sherriff Office, and/or the Coldwater Police Department for the release of information during the time period these training rules are in effect. School has the right to use any available means to help with any investigation into a matter.

This policy will be available in a central location in each school building. In addition, copies of this policy will be provided to students and parents in the same manner as the Student Code of Conduct.

POLICIES FOR THE CARE AND TREATMENT OF ATHLETIC INJURIES

In the interest of providing for the prudent care of any athlete who suffers an injury while participating in the Coldwater High School Interscholastic Athletic Program, the following policies and procedures will be followed by the members of the coaching staff at both the senior high and junior high level of participation.

1. Under no circumstances will any student be permitted to participate (practice or play in a game) without having a physical examination and the parent permission card signed by both the parent and the examining physician.

2. When an injury occurs and the trainer is immediately available, his/her services should be utilized to provide the first-aid care which is deemed necessary.

3. When the injury appears to be of a serious nature, the athlete should be immediately transferred to a hospital emergency room. Either the coach or the trainer should contact the athlete’s parents and inform them of what has happened and to which hospital the athlete has been taken.
   Note: Coaches and/or the trainer should have the athlete emergency medical form with them at all times which will have the necessary contact numbers.

4. No coach or trainer should go beyond administering basic first-aid and making a preliminary examination of an injury.

5. When an athlete goes home from practice or a game with a questionable injury, the parents should be notified that day or evening regarding the extent of the injury, how it occurred, and whether it would be in the athlete’s best interest to have him/her see the family physician.
6. Any athlete who has been placed under the care of a physician will not be permitted to return to active participation without the physician’s written consent even though the parents of the athlete may be willing to have their son or daughter return to active participation. However, should the parents decide to place their son or daughter under the care of another physician, whose speciality training is comparable to that of the original physician, and who is willing to authorize participation, the school will accept his written statement granting permission to participate.

7. All members of the coaching staff (all sports) should make every effort to be as well informed about first-aid procedures as possible and to act in the most prudent manner when handling injuries.

8. If the student athlete is hospitalized, the coach or coaches in that sport should make a visit to the hospital if at all possible.

9. Coach and/or trainer will fill out an accident report as soon as possible after the injury occurs (form).

10. An appropriate sports-related first aid training course and CPR conducted pursuant to the guideline of the OHSAA and State Board of Education and approved by the Board of Education. All sports medical courses required by the OHSAA will be completed as well and kept current.

The Coldwater Board of Education recognizes the value of participation in supervised physical activities and sporting events. In doing so, it has established a structured intramural program to encourage all students to participate in wholesome, competitive activities. Under the direction of the Intramural Director, assorted offerings of sporting activities will be scheduled throughout the school year. These events will include planned skill development activities, in addition to, intramural student competition.

The priority for establishing these activities will include formal and informal surveys of students and interests. Those activities listed in said surveys will receive priority ranking in developing activities each year.

In the event that the popularity and skill level of an intramural activity begins to show promise as a potential interscholastic activity, the Superintendent, Athletic Director and/or Building Principal will determine eligibility of Club status based on the requirements of the formal application being met (form enclosed).

CLUB ACTIVITY

"Club status" in the Coldwater School District indicates that interest and skill level among students in an intramural program have reached a level where interscholastic competition is a valid consideration. A selection process will be used to identify those students eligible for participation in the club activity. (Skill level is equal to enthusiasm/interest at the Club level in determining selection criteria.) Club activities have minimal support from the Board of Education. All costs for participation in club sports will be managed through participants. Any "Club" sport must be an approved OHSAA sponsored sport. A responsible person/coach must submit a formal application (form enclosed) to the Building Principal, Superintendent and the BOE by May 1st of the year prior to participation. It is the responsibility of this person/coach to submit the application on time and not the responsibility of the school district.

PETITION FOR VARSITY STATUS

When a Club activity has proven successfully that it is competitive in an interscholastic circuit and it meets criteria established by the Board of Education, it MAY petition the Athletic Director for consideration for Varsity status. Upon receipt of the request, the Athletic Director shall meet with the Administration and determine the validity of the request and either grant or deny varsity status to the club.

The petition for a Club Sport to become a Varsity Sport will only be considered if the requirements that have been established have been met. (Page 34 to 36 of Athletic Handbook, Requirements for a Club Sport to be Recognized as Interscholastic Sport)

**Banquets:**
Each Program Coordinator will be responsible for an end-of-season awards banquet for their respective sport. The awards banquet must be professional, and open to the parents of the athletes. Coaches are to coordinate the banquet through the athletic director and high school principal. The athletic department will be responsible for the necessary awards. All arrangements must be submitted one week in advance with written notice of invitation to parents.

If the camp is a private camp, rental fees must be charged to the camp operator based on the established rental fee schedule. Each sport will have their own camp account that is controlled entirely by the Program Coordinator of that sport. Only approved revenues/expenses from the Athletic Director may be used to accumulate money into and from this account. Fundraisers are still not permitted, but sports camps and or recognized service projects (concession stands, coat checks, etc.) are permitted to be used with prior approval from the athletic director. The money generated may be used for anything that the Program Coordinator deems fitting (with prior approval from the Athletic Director).

**Uniforms:**

Transportation of Athletes:
Transportation to all athletic events will be provided for by the Coldwater Schools. Any athlete participating is expected to ride with the team to and from the events unless an emergency arises. The Coldwater Athletic Department recognizes that the Coldwater Exempted Village Schools Bus Drivers are professional drivers in every manner and school bus transportation is one of the safest modes of transportation available. Only school bus transportation will be used for athletic events unless approval is granted by the Building Principal and Athletic Director. Such occurrences will only be granted due to lack of available school buses or cost effectiveness. Funds to pay for all school athletic transportation will come from the Coldwater Athletic Department.

For practices that are outside of the Coldwater Village limits, students and the parents must sign an off-campus driving permission form and have this on file before they can participate for any practices and/or games. The Head Coach and/or Athletic Director is responsible for distributing, collecting and maintaining these forms on file for each of their participants. (Form)

Athletic Teams Driver Liability Coverage (State Law and BOE Approved Regulations override)
Liability coverage for a driver of an athletic team going to a school sponsored activity goes as follows:

Rental Vehicles - Coldwater Schools have coverage on all vehicles (physical damage) that have been rented and paid for by the Coldwater Athletic Department. Any injury claims will first be submitted to the personal insurance of each individual in the vehicle, then to the driver of the vehicle and then to the school insurance carrier.

Personal Vehicle - When a coach/sponsor drives their own personal vehicle, their own car insurance medical coverage will pick up the claim. If the driver is at fault, his own bodily injury liability coverage will pick up the claim. After the bills are paid on the driver’s insurance, any remaining claims will then be submitted to the passengers personal insurance. Any remaining unpaid claims after these prior steps would then be submitted to the school’s liability coverage.

Borrowed Vehicle - When a vehicle is borrowed, the order of the coverage would be as follows: first it would be submitted to the owner of the vehicles insurance medical coverage, it would then be submitted to the driver’s coverage, next it would be submitted to the passengers coverage and any remaining unpaid claims would then be submitted to the school.

*Proof of insurance and drivers license is required in each instance from the driver and permission must be granted to transport athletes in these manners.

*Qualifications must all be met according to the newest legal standards.
Overnight Accommodations:

For overnight trips, the program coordinator must submit an itinerary to the Building Principal and Athletic Director for approval. The approval of the extended stay will be based on need, available school funds, time frame, location (distance), approved itinerary, transportation, etc.

No overnight hotel expenses will be covered by the Athletic Department with the following exceptions:
1. Hotel expenses that are reimbursed by the OHSAA.
2. The Athletic Department will help to cover the expenses of teams and/or individuals that reach the state level of competition.

Any expenses that are incurred will be the responsibility of the athlete and/or parents/guardians. Coaches may use camp account monies to help defray costs.

Objective: To establish a recognition program that exemplifies the concept of the Kiwanis organization and its focus on youth. This recognition program will include two annual awards to be presented to a deserving member of the high school graduating class and one adult award presented to an outstanding citizen nominated by a Kiwanian and selected for contributions to Coldwater Youth during the year. Individual awards will also be presented to qualified individuals in each co-and extra curricular activity at Coldwater High School.

Kiwanis “We Build” Award Program

Purpose: To recognize individuals whose contributions have been significant in building team spirit and an orientation to “WE”. This individual’s efforts and initiative have been instrumental in the support of the TEAM philosophy and goals.

Leadership: The Kiwanis “We Build” program will be managed through the Office of the Principal who will work with coaches and sponsors to select and celebrate the individual club or team member whose contributions have been instrumental in the success of the program. The award is not meant to be a “most valuable player” award, but is designed to celebrate the individual whose daily contributions have been consistently above expectations and whose loyalty to the organization has BUILT a spirit of teamness that reflects the belief of the Kiwanis organization.

Selection: The coach or activity sponsor will meet with the Building Principal at the beginning of the school year or season and discuss the criteria by which the selection will be made. Upon the conclusion of the season or school year (and prior to the end-of-year/season awards) the coach/sponsor will select the individual whose actions have consistently met the criteria established at the beginning of the season/year.

Presentation: The presentation of the Kiwanis “We Build” award will be made at the concluding activity of the club/sport and include the review of the qualities stated in the purpose of this award (above). The individual awards will consist of a small plaque/trophy and contain the Kiwanis logo and motto: “We Build.” Each individual club/sport award will be the identical.

An overall “We Build” award will be presented to the student who has made the most significant contribution to Coldwater High School over the course of the school year. Selection of this individual will be made by a team which includes but is not limited to the Building Principal, Assistant Principal and Athletic Director. The presentation of this award will be made jointly by the President of the Coldwater Kiwanis and the High School Principal at the Annual Recognition Program held in May each year at Coldwater High School. This award will be a larger version of the individual awards presented and include the Kiwanis logo and motto: “We Build.” An additional cash award of $250 will be made to the individual at that time.

Citizen’s Annual Award: The Kiwanis “We Build” Outstanding Citizen Award will be presented annually by the organization at the annual spring school recognition program. The selection, established through nominations under the direction of a selection committee established by the Kiwanis Trustees, will be based upon noteworthy contributions to the youth of the Coldwater community and enamor the qualities of the “We Build” theme.

Sponsorship: The Coldwater Kiwanis will provide individual awards for the following activities:

- Coldwater High School Band
- Coldwater High School Choir
- Coldwater High School Clubs
- Coldwater High School Student Council
- Coldwater High School FFA & FCCLA
- Coldwater High School Varsity Sports Teams

Cost: The cost of the award will be covered by the Kiwanis Club.

CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

The Board recognizes the importance of the family and respects the values it promotes in the life of the young people of this community. These family values extend not only to the importance of education but also the importance of affiliation with other organizations and groups within the community. The Board desires to assist the family in its efforts to perpetuate the teaching of their values and to this end has established the following regulations regarding the scheduling of school activities for students:

1. No school-related activities will be conducted by the school administration after 5:30 p.m. for students in grades kindergarten through grade 8 and after 6:30 p.m. for students in grades 9 through 12 on Wednesdays during the school calendar year. The only exemption to this schedule is the scheduling of activities by affiliated organizations to which the District belongs that cannot be controlled by the administration of the District.

2. No activity will be scheduled before 1:00 p.m. on Sunday.

3. Any activity that will require students to be out of the District between midnight on Saturday and 1:00 p.m. on Sunday will require its sponsor and approved chaperons (parents) to schedule a two-hour period of meditation, if needed, on Sunday. Sponsors and chaperons (parents) will provide students the opportunity to attend - within reason - and at the expense of the activity - access to a site for said meditation. If requested by participating student(s), a time and place other than on Sunday - within reason - will be honored.

4. The intent of this policy is to provide students with the opportunity to participate in school sponsored activities - both within and outside the District - outside regular school hours and to exercise the values being taught in the homes of said students.

5. It is recognized that extenuating circumstances may exist that prevent the above from taking place; therefore before permission will be granted by the superintendent or designee, the sponsor of the activity will provide the immediate supervision with reasons and rationale for the exemption.
INTERSCHOLASTIC ATHLETICS

The Board feels that participating in athletics and related activities for students is an integral part of the educational process. Because of that philosophy, the Board feels that activities should be offered to students at all skill levels. The sequence for new sports to be added at Coldwater High School will be intramural, followed by club status, then ultimately, interscholastic competition, if criteria is met.

1. The Board shall determine whether an activity becomes a sport using sound judgement in regards to the best interest of the school. Factors include school size, fiscal considerations, and, on a yearly basis, the athletic director will ask M.A.C. members their status of starting new sports.

2. Coldwater High School will participate in OHSAA sponsored tournaments in those sports approved by the Board.

3. An athletic activity may be recommended for approval as a school-sponsored sport if the following criteria are met.

COLDWATER INTERSCHOLASTIC ATHLETIC POLICY

Student Athlete Conduct Code

Rights and Responsibilities

Students attend Coldwater Exempted Village Schools under the direction of state law and with the full benefits of constitutional protection for their right as citizens. They therefore can speak, act or behave as young citizens within a large scope of options. This code is published in conformity with the right of reasonable treatment from the coaches and advisors. The school, in turn, has the right to expect reasonable behavior from student athletes. Cheerleaders are defined as Athletes. The rules are in effect while the athlete is representing the Coldwater School System during the sport’s season in which the athlete is involved.

Rules and Regulations

1. All athletes must meet the eligibility requirements as determined by the Ohio High School Athletic Association & the Coldwater Exempted Board of Education.

2. An athlete shall not behave in such an unsportsmanlike manner that could cause physical injury or damage to other athletes, students, school personnel, or school property.

3. The athlete shall not fail to comply with directions of coaches during the sports season. This includes practices, attitude problems, appearance, curfew violations, eligibility and theft of equipment.

4. To be eligible for the next nine weeks, each athlete must: 1) maintain a C- average (a 3.51 on a 12.0 scale) for the preceding nine weeks grading period (Special Education students may elect to take a P or F rather than a letter grade in their mainstream courses); 2) be passing in subjects at the end of the preceding nine weeks grading period that earn a minimum of five credits per year toward graduation or promotion to the following grade level.

5. Tobacco, illegal drugs, alcoholic beverages: An athlete shall not possess, conceal or be under the influence of any of the before-mentioned items. E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes.

6. Students are required to be in school a minimum of one-half days on the day of an extra-curricular event in order to participate or must receive prior administrative approval. (1/2 day is defined as 4 full regular periods under a 7 or 8 period day)
The athletic application of the board adopted policy is related to enforcement beyond the scope of the school day and school functions and applies to the individual policies, rules and regulations approved for each sports program.

Other behavior not defined in this policy but deemed to be unbecoming of an athlete/participant will be grounds for suspension and removal from the co-curricular and extra curricular activity.

E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes.

Involvement beyond the scope of the school setting.

Students attend Coldwater Exempted Village Schools under the direction of state law and with the full benefits of constitutional protection for their rights as citizens. They therefore can speak, act or behave as young citizens within a large scope of options. This code is published in conformity with the right of reasonable treatment from the coaches and advisors. The district, in turn, has the right to expect reasonable treatment from the coaches and advisors. The district, in turn, has the right to expect reasonable behavior from student athletes. For sports approved for Club or Activity status, they will be under the same training rules, responsibilities, and requirements of all athletes. The rules are in effect while the athlete or participant is representing the Coldwater School system during the sport’s season or activity in which the athlete or participant is involved.

In the event that students violate the policy while a member of an approved extracurricular program, then compliance with the policy is as follows:

Consequences for violation of the policy by athletes/participants include:

Individual Sports/Activities

The following consequences apply to individuals who violate the alcohol, tobacco products, illegal drug policy during a single season or activity. E-cigarettes or any similar tobacco replacement cigarettes/product are considered as a tobacco product for athletic purposes. Offenses are not cumulative except for the season in which they occur.

First offense in a season: An athlete found in violation of the tobacco, illegal drugs, alcoholic beverages policy will be suspended from a number equal to 20% of the regular season contests immediately following a meeting with the athlete/participant. This number will be included in the rules for participation signed by parent and student at the beginning of the season or period of the activity. Any unfulfilled suspension will be applied to the next regular, full season in which the athlete/student participates using a formula (percentage) which is relative to the length of that season and equal to any unfulfilled portion of the previous season consequences. In athletic post-season play, the normal number of pre-determined games of suspension will be applied.

Second offense in a season: The athlete will be suspended from the activity for the remainder of the season period. The athlete is ineligible for post-season awards.
Cumulative Application of Consequences -- Three Strikes and You Are Out Rule (Third Offense)

The following consequences apply to individuals who violate the tobacco, illegal drugs, alcoholic beverages policy during their High School Career as a Coldwater High School athlete. In this case the consequences are cumulative and a third offense will result in the loss of participation for a calendar year.

Third offense: The athlete will be denied the privilege to participate in school-sponsored athletics for a period of one calendar year.

Due Process Procedure

Pursuant to 3313.664 of the Ohio Revised Code, students may be suspended by the Superintendent or his designee from participating in extracurricular activities for a period of time as defined in this policy for any violation of the Student Code of Conduct or violations of posted rules and regulations established by the Coldwater High School Athletic Department, individual coaches and sponsors.

Before a suspension is imposed pursuant to this policy, the Superintendent or designee will provide notice to the student of his or her intent to suspend the student from participation in extracurricular activities, which will include the reason for intended suspension. The student will be given the opportunity to appear before the Superintendent or designee to present any reasons the student may wish to offer as to why he or she should not be suspended. After the meeting, the Superintendent or designee will provide the student and his or her parent or legal guardian with written notification of the suspension, the reason(s) for the suspension, and the length of the suspension.

1. When an infraction occurs, the coach/sponsor/director/athletic director/principal has the responsibility to discipline the participant.

2. The coach will confer with the athletic director and/or building principal to discuss the action and consequences as defined by this policy. School personnel will then meet with the athlete being disciplined to present him or her with the charges. The athlete will have an opportunity to explain his or her position. A decision will be rendered and written notification will be mailed to the parent/guardian within twenty-four hours of the decision.

3. The athlete will be given the right to appeal the decision of the coach to the principal within twenty-four hours of the meeting.

4. The principal will be responsible for making a recommendation to uphold, overturn or modify the consequences of the infraction. During the appeal process, the athlete will not be permitted to participate with the team.
5. The final authority to accept or deny the appeal will be the responsibility of the Principal. A decision will be rendered and written notification will be mailed to the parent/guardian within twenty-four hours of the decision.

6. The school has the authorization to contact the Mercer County Juvenile Court, Mercer County Sheriff Office, and/or the Coldwater Police Department for the release of information during the time period these training rules are in effect. School has the right to use any available means to help with any investigation into a matter.

This policy will be available in a central location in each school building. In addition, copies of this policy will be provided to students and parents in the same manner as the Student Code of Conduct.

I have read, understand and acknowledge receipt of the **OHSAA Student Eligibility Guide and Checklist**
https://www.ohsaa.org/Portals/0/Eligibility/OtherEligibilityDocs/EligibilityGuideHS.pdf, which contains a summary of the eligibility rules of the Ohio High School Athletic Association. I understand that a copy of the **OHSAA Handbook** is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All OHSAA bylaws and regulations from the Handbook are also posted on the OHSAA website at ohsaa.org.

I understand that an OHSAA member school must **adhere to all rules and regulations** that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than OHSAA rules.

I understand that participation in interscholastic athletics is a **privilege not a right**.

**Student Code of Responsibility**

As a student athlete, I understand and accept the following responsibilities:

- I **will respect the rights and beliefs** of others and will treat others with courtesy and consideration.
- I **will be fully responsible** for my own actions and the consequences of my actions.
- I **will respect the property** of others.
- I **will respect and obey the rules** of my school and laws of my community, state and country.
- I **will show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.

I understand that a student whose character or conduct violates the school’s Athletic Code or School Code of Responsibility is not in good standing and is ineligible for a period as determined by the principal.

**Informed Consent** – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and mental problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, GUARDIANS OR STUDENTS MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN OHSAA-SPONSORED SPORT WITHOUT THE STUDENT’S AND PARENT’S/GUARDIAN’S SIGNATURE.**

I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, that a reasonable attempt will be made to contact the parent or guardian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.

I **consent to medical treatment** for the student following an injury or illness suffered during practice and/or a contest.

To enable the OHSAA to determine whether the herein named student is eligible to participate in interscholastic athletics in an OHSAA member school, I **consent to the release of the OHSAA any and all portions of school record files**, beginning with seventh grade, of the herein named student, specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), enrollment documents, financial and scholarship records, residence address of the student, academic work completed, grades received and attendance data.

I **consent to the OHSAA's use of the herein named student's name, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.**

I understand that if I **drop a class**, take course work through College Credit Plus, Credit Flexibility or other educational options, this action could affect compliance with OHSAA academic standards and my eligibility. I **accept full responsibility** for compliance with Bylaw 4-4, Scholarship, and the passing five credit standard expressed therein.

I understand all **concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day written authorization from a physician (M.D. or D.O.) or another health care provider working under the supervision of a physician will be required in order for the student to return to participation.

I have read and **signed** the Ohio Department of Health’s **Concussion Information Sheet** and have retained a copy for myself.

I have read and **signed** the Ohio Department of Health’s **Sudden Cardiac Arrest Information Sheet** and have retained a copy for myself.

By signing this we acknowledge that we have read the above information and that we consent to the herein named student’s participation.

**Must Be Signed Before Physical Examination**

Ohio High School Athletic Association

Overview

Participating in your school's interscholastic athletics program will provide some of your most memorable and enjoyable moments ever. Since your school is a member of the Ohio High School Athletic Association, there are standards that must be met in order to be eligible to compete.

The essential eligibility requirements in this publication are only a summary of some of the regulations affecting student eligibility. OHSAA eligibility requirements are published in the OHSAA Handbook, which can be found in the offices of your principal, your athletic administrator and on the OHSAA website (www.ohsaa.org). Your school district also has the authority to establish additional eligibility standards, including academic and codes of student or athletic conduct.

Any questions you have concerning OHSAA standards or your athletic eligibility should be reviewed with your school principal or athletic administrator. You should also meet with these administrators EVERY TIME before you change your course schedule or drop a course. If you are a transfer student, you must ensure that you and your school administrators have submitted all forms, if applicable, to the OHSAA Office in Columbus.

The bylaws and regulations, including the eligibility standards, of the OHSAA are annually adopted by each member school as a required condition of membership within the Association. You are urged, as a student-athlete, to review these standards carefully since you are responsible for compliance with these standards.

Best wishes as you learn the valuable lessons that come with your participation in interscholastic athletics!

Student-athletes and parents have the opportunity to ask school administrators questions on OHSAA and school eligibility requirements, the school's Athletic Code of Conduct policy and other issues during preseason meetings that the OHSAA requires schools to hold no later than two weeks after the beginning of each sports season. Meetings should include showing a presentation prepared by the OHSAA that reviews key student eligibility issues, healthy lifestyles, sporting behavior, concussion management and sudden cardiac arrest.

OHSAA Regulations On

Scholarship

In order to be eligible for the first grading period upon entrance into grade 9, you must have received passing grades in a minimum of five (5) classes in the immediately preceding grading period.

In order to maintain eligibility for grades 9-12, you must have received passing grades in a minimum of five (5) one credit courses, or the equivalent, in the immediately preceding grading period. In addition:

- Summer school, College Credit Plus and other educational options (e.g., work permitted after the conclusion of the grading period) may not be used to bring a student into compliance with scholarship bylaws, nor can they be used to compensate for lack of courses taken in the preceding grading period.

- Your semester or yearly grades have no effect on OHSAA eligibility (although they could, depending upon your school's official grading periods). OHSAA eligibility is dependent upon grades received in the immediately preceding grading period.

- Those taking postsecondary school courses, including College Credit Plus, must comply with OHSAA scholarship regulations.

- The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective. Note: Check with your principal or athletic administrator for the exact date that eligibility will be determined.

OHSAA Regulations On

Semesters

After establishing ninth-grade eligibility, you are permitted only eight (8) semesters of athletic eligibility.

- The semesters are taken in order of attendance once ninth-grade eligibility has been established.

- Semesters are counted toward eligibility whether you participate in interscholastic athletics or not.

- There are exceptions to this regulation, so please arrange a meeting with your principal or athletic administrator to review these exceptions.
**OHSAA Regulations On Age**

When a high school student (grades 9-12) turns 20 years of age, he/she becomes ineligible for interscholastic athletics.
- There is an exception to this bylaw, so please arrange a meeting with your principal or athletic administrator to review this exception within Bylaw 4-2-1.

**OHSAA Regulations On Residence**

If your parent(s) or legal guardian live outside of Ohio, you are ineligible unless one of the exceptions to the residence bylaw is met. These exceptions to the out-of-state residency bylaws are found within Bylaw 4-6.

**OHSAA Regulations On Non-Enrolled Students**

Legislation permits non-enrolled students (home educated, non-public, community school, STEM students) to have participation opportunities at the public high school that the student would be entitled to attend under the tuition statute, i.e., the school located in the parents’ residential district or attendance zone for multiple high school districts. There is an additional option for home-educated and non-public school students. If you are participating via this legislation, note that the language says you shall be given the “same opportunities” to participate – not greater opportunities – and that you must meet the same eligibility requirements as other students. In addition, once you establish eligibility at a high school, a transfer to a different high school means you may lose eligibility for interscholastic athletics for a period of time at your new school.

For more information on participation opportunities for non-enrolled students, go to the Eligibility section of the OHSAA website (www.ohsaa.org).

**OHSAA Regulations On Transfers**

Once your eligibility is established at a high school, a transfer to a different high school may mean you will lose eligibility for interscholastic athletics for a period of time at your new school. For the specifics on the period of ineligibility, visit www.ohsaa.org.
- If you are new to this school as a transfer student, all required paperwork must be submitted to the OHSAA by your school administrator, if applicable, and, depending on your situation, the state office may have to grant approval for eligibility. Immediate eligibility insofar as transfer is concerned will be granted only if one of the exceptions to the OHSAA transfer regulation has been met or if you have not participated in the sport within 12 months immediately preceding your transfer.
- To determine if you qualify for an exception or you have other questions on these regulations, arrange a meeting with your principal or athletic administrator. If questions remain, ask them to contact the OHSAA.

**OHSAA Regulations On International & Exchange Students**

If you are not a United States citizen, you are ineligible unless one of the exceptions to the International & Exchange student bylaw is met. These exceptions to the bylaw are found within Bylaw 4-8.

**OHSAA Regulations On Amateurism/Awards**

You may receive awards valued at $400 or less from any source as a result from participation in any sport in which you are an interscholastic athlete. You may never accept cash awards, however.

You will lose your amateur status in a sport and forfeit your eligibility if you:
- Compete for money or other compensation.
- Capitalize on your athletic fame by receiving money, merchandise or services.
- Sign a contract or make a commitment to play professional athletics.
- Receive services, merchandise or any form of financial assistance from a professional sports organization.
- Compete with a professional athletics team even if no pay is received.
- Enter into an agreement with a sports or marketing agent. Expenses for travel, meals and lodging may be accepted provided they are available to all participants and they are not contingent upon your team’s and/or your finish. A form is available at www.ohsaa.org to maintain amateur status and must be submitted to the OHSAA.

**OHSAA Regulations On Recruiting**

You may be declared ineligible if you are recruited by a person or group of persons to transfer to or enroll in a high school for athletic purposes. This may include your transferring to a school at which one of your former school coaches has been hired. In addition, any attempt by you to recruit a prospective student-athlete for athletic purposes is also prohibited. A violation may also affect the eligibility of the school team.

**OHSAA Regulations On Open Gyms/Facilities**

School officials may designate open gyms/facilities, the sport to be played, the grade levels involved and may also limit participants to those from your school. You may participate in open gyms/facilities, but remember:
- No one from the respective school may be excluded from participating;
- No one shall be required to attend;
- No school officials may invite selected students or determine the teams;
- No school officials may transport students to or from either school or non-school facilities;
- No timing or written scoring may be kept, and
- No coaching or instruction may be provided.

The OHSAA may impose penalties against you, your school and/or your coach for violating these regulations.
False Information

If you compete under a name other than your own or provide false information in an attempt to establish athletic eligibility, you may immediately become ineligible.

Instruction

There are restrictions on the instruction you can receive from school coaches outside of your season. Some of these regulations are also different for team sports vs. individual sports. Before receiving instruction outside the season from your school coaches, visit www.ohsaa.org, go to the General Sports Regulations and review the section on Individual Skill Instruction to ensure all regulations are being followed. Some other key notes on these regulations:

- Besides during the season of your sport, school coaches may also provide team instruction for a maximum of 10 days between June 1 and July 31. This would include such activities as basketball, field hockey, soccer, volleyball, ice hockey, lacrosse, baseball or softball teams competing in tournaments or ‘shootouts,’ football teams participating in 7-on-7’s, or coaches conducting or taking teams to instructional camps.
- Between August 1 and May 31 outside defined “no contact periods,” school coaches may also provide individual instruction outside the season of play. There are restrictions for team sports and some individual sports, so review the OHSAA’s Individual Skill Instruction regulations to ensure all standards are being followed.
- Individual skill instruction from non-school coaches may be received in any sport by a squad member at any time in individual or group lessons provided that this instruction does not violate any Board of Education, school administrators’ or coaches’ policies.
- It is a violation if a coach suggests your participation in instructional programs outside the school season is mandatory.

Non-School Teams

If you compete on a non-school team or in non-school competition as an individual in the same sport during your school team’s season (example: non-school soccer during the school’s soccer season), you may lose eligibility. There are also certain restrictions regarding tryouts, practices and competitions with non-school teams before, during and after your school season. Before participating with a non-school team, visit www.ohsaa.org, go to the General Sports Regulations and review the sections on Non-School Programs/Teams to ensure all regulations are being followed. Some other key notes on these regulations:

- A member of an interscholastic squad in a team sport (baseball, basketball, field hockey, football, ice hockey, lacrosse, soccer, softball and volleyball) may not participate in an athletic contest, tryouts or any type of team or group training or practices on or with a non-school squad in the same sport during the school’s interscholastic season once you become a member of the school team. This would include college teams and/or college tryouts.
- In the individual sports of bowling, cross country, golf, gymnastics, swimming and diving, tennis, track and field, and wrestling, however, you may practice and try out for a non-school team but may not compete in a contest during your school season.
- A member of an interscholastic squad in a team sport (baseball, basketball, field hockey, ice hockey, lacrosse, soccer, softball and volleyball) may try out, practice and compete on non-school teams before and after the school season from August 1 to May 31 (there are exceptions for softball and baseball) provided:
  - The OHSAA’s ‘50 percent limitation’ regulation is maintained, meaning the number of students from the same school team on the roster of the non-school team is limited to five (5) students in the sports of soccer, field hockey, ice hockey and lacrosse; four (4) students in the sports of baseball and softball; three (3) students in the sport of volleyball, and two (2) students in the sport of basketball. School football team members are prohibited from competing on non-school teams except from June 1 to July 31. All football activities during the June 1 to July 31 period must be non-contact and the only football equipment permitted are helmets and cleats.
  - Note: Seniors are exempt from these limitations after the conclusion of their sport season.
- There is no limit on the number of students from the same school that may participate on the same non-school team from June 1 to July 31.
- Check the OHSAA Sport-by-Sport Regulations (available at www.ohsaa.org) for the date you must cease participation on non-school teams in order to be eligible for OHSAA tournament competition along with penalties for non-compliance with this date.

Alcohol, Tobacco, Drugs and Steroids

The OHSAA does not permit the use of any form of alcohol, tobacco or illegal drugs at the site of any interscholastic contests. Besides the health risks involved, use of any of these items will result in your being disqualified from contests and likely facing additional school and legal penalties. There are additional issues related to illicit drugs, such as anabolic steroids and some prescription drugs used with the goal of aiding performance. If you use anabolic steroids or other performance-enhancing drugs of which the OHSAA is aware, you are ineligible for interscholastic competition until medical evidence indicates that your system is free of these drugs.
Another prominent issue is the use of supplements. The increased availability of these items allows student-athletes access to a wide variety of products aggressively marketed in fitness and strength training magazines and websites. Often their marketing campaigns include promises, endorsed by faulty research claims, of extraordinary weight loss, explosive power or tremendous strength gains. It is important for coaches, athletic administrators and parents to educate themselves about what substances student-athletes may be using and about the potential risks involved with uneducated supplement use.

The OHSAA website, www.ohsaa.org, offers a wealth of information for parents, coaches and students about these topics and other healthy lifestyles/sports medicine issues.

**OHSAA Regulations On Preparticipation Evaluations and Consent Forms**

Before the student's first practice (or prior to the student's first participation should he/she join the team after the season has started), each student must have had a physical examination within the past year and an examination form signed by a medical examiner must be on file at your school. Ask your athletic administrator or licensed athletic trainer about the electronic preparticipation evaluation, the PrivIT Profile, that the OHSAA has launched.

- Physical examinations are valid for participation for 13 months from the date of the exam except for those that take place from May 1-June 1. Those exams are valid for one year plus through the end of the next school year's spring sports season.

In addition, no student will be eligible unless that student and his or her parents have signed the OHSAA Authorization Form, the OHSAA Eligibility & Authorization Statement, the Concussion Form and the Sudden Cardiac Arrest Form, all of which must be on file at your school.

**OHSAA Regulations and Expectations On Concussion and Sudden Cardiac Arrest Management**

It is everyone's responsibility to take the necessary precautions to reduce the likelihood of brain injuries and sudden cardiac arrest.

In Ohio, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion, such as loss of consciousness, headache, dizziness, confusion or balance problems, shall be immediately removed from the contest or practice and shall not return to play that same day. Thereafter, the student shall not return to practice or competition until cleared with written authorization from a physician or health care provider approved by the local board in accordance with state law.

Sudden Cardiac Arrest (SCA) is the most common cause of death among student-athletes, and dizziness, loss of breath and a racing heart are often symptoms that are overlooked. In many cases, recognizing the signs of cardiac trouble means student-athletes can continue their athletic participation.

Each school is required to review both its concussion and sudden cardiac arrest management protocols with students and their parents; each student and his or her parent(s) must review and sign both the Ohio Department of Health's "Concussion Information Sheet" and a "Sudden Cardiac Arrest Information Sheet" prior to participation, and parents and students are highly encouraged to review short video presentations on both concussions and sudden cardiac arrest.

Check with your school administrators on where to find these videos.

**OHSAA Regulations and Expectations On Sporting Behavior**

The OHSAA's vision for positive sporting behavior is built on expectations. It calls on the school community — administrators, teachers, coaches, students, parents and fans — to strive for positive sporting behavior in everything they do by teaching the values of ethics, integrity, equity, fairness and respect.

As a student-athlete, you are expected to accept the responsibility and privilege of representing your school and community while participating in school sports. You are expected to:

- Treat opponents, coaches and officials with respect, and
- Ensure your actions do not incite fans or other participants or attempt to embarrass, ridicule or demean others.

The OHSAA has established a policy for students ejected for unsporting behavior or flagrant fouls. If you are ejected:

- You will be ineligible for all contests for the remainder of that day, and
- You will be ineligible for all contests at all levels in that sport until two regular season/tournament contests are played at the same level as the ejection (one contest in football).

If you are ejected a second time in a season, you are subject to additional, more stringent penalties, including a maximum penalty of suspension from play for the remainder of the season in that sport.

As a participant in school sports, you are expected to act with dignity, speak with courtesy and play with pride. In short, Respect The Game!

**Note:** The complete OHSAA ejection policy for unsporting behavior can be found in the OHSAA Handbook and is posted at www.ohsaa.org.
Interscholastic Athletics

Why We Play The Games

For many of you, playing on your school teams may be the last time you will participate in competitive athletics. As a participant, you should work hard, have fun and strive to be the best. But just as important, you should also strive to be the best students, teammates and members of your community in preparation for the next phase of your life as a responsible adult and productive citizen.

The purpose of interscholastic athletics is to enrich your middle school and high school experiences; promote citizenship and sportsmanship; instill a sense of pride in community; teach lifelong lessons of teamwork and self-discipline, and help you grow physically and emotionally. In short, interscholastic athletic programs are educational in nature and therefore complement a student’s school experience.

Other sporting organizations promote free player movement, are primarily designed to promote athletic development of the individual, and provide a showcase for the athletic talents of those individuals. However, these organizations do not share the primary educational purposes of OHSAA member schools and therefore cannot provide the unique type of competition created by the OHSAA through our member schools.

Statistics show that students who participate in interscholastic athletics programs tend to have higher grade-point averages, better attendance records, lower dropout rates and fewer discipline problems than the general student population. Statistics also show that only one percent of all high school participants will earn a Division I college athletic scholarship and approximately five percent will play collegiately in any division. Unlike major colleges and professional sports teams, interscholastic athletic programs do not exist to entertain spectators.

As your parents can attest, middle school and high school go by in a blur, but your memories of participating in school sports will stay with you for a lifetime. The OHSAA wants to make sure your time as an interscholastic athlete is meaningful and memorable.

The privilege of participating in educational athletics is one of the most exciting experiences of your life. You must earn the privilege to participate. Please maintain the proper perspective in this journey and remember why we play the games.

A Look At The Ohio High School Athletic Association

Participating in your school's interscholastic athletics program is not only a privilege, but also provides memorable experiences. The role of the OHSAA is to:

- Help ensure students are provided a positive environment for athletic participation;
- Ensure all rules, regulations and decisions are fair and equitable for all schools and participants;
- Ensure athletes play under safe conditions, and
- Ensure school sports programs remain a vital part of your educational experience.

Like the other 814 public and non-public high schools and approximately 800 7th and 8th grade schools, your school has volunteered to become a member of the OHSAA. Ohio is one of the top ranked states in the country in regards to participation with over 350,000 high school students competing in 26 sanctioned sports.

The OHSAA Executive Director and his staff are based in Columbus and their primary responsibilities are to:

- Interpret the rules and regulations for member schools;
- Conduct tournaments for high schools including sectionals, districts, regionals and state tournaments, and
- Serve as educators for officials, coaches, administrators and student-athletes and their parents.

To continue as a member of the OHSAA, each school's governing boards annually affirm that their schools will follow the OHSAA bylaws and regulations approved by the membership. Any changes to the bylaws must be approved by a majority vote of member school principals. The OHSAA Board of Directors has the authority to change general sports regulation, sport-by-sport regulations and tournament regulations based on recommendations from the Executive Director's staff.

The OHSAA does not charge schools any membership fees or tournament entry fees. Schools are provided rule-books, educational materials and other printed items along with catastrophe insurance coverage for all participants at a cost of approximately $600,000 annually. Additionally, schools are reimbursed for many of their tournament expenses and in some sports have the opportunity to keep a portion of receipts from the sale of tournament tickets.

Other key programs and initiatives of the OHSAA include:

- Providing annual scholarships totaling over $100,000 to students who excel in athletics and academics;
- Licensing, registering and training nearly 17,000 contest officials, and
- Ensuring coaches are certified to work with student-athletes through an on-going coach education program.

Ohio Department of Health Concussion Information Sheet
For Interscholastic Athletics

for Parent/Guardian and Athletes.

This information sheet is provided to assist you and your child in recognizing the signs and symptoms of a concussion. Every athlete is different and responds to a brain injury differently, so seek medical attention if you suspect your child has a concussion. Once a concussion occurs, it is very important your athlete return to normal activities slowly, so he/she does not do more damage to his/her brain.

What is a Concussion?
A concussion is an injury to the brain that may be caused by a blow, bump, or jolt to the head. Concussions may also happen after a fall or hit that jars the brain. A blow elsewhere on the body can cause a concussion even if an athlete does not hit his/her head directly. Concussions can range from mild to severe, and athletes can get a concussion even if they are wearing a helmet.

Signs and Symptoms of a Concussion
Athletes do not have to be “knocked out” to have a concussion. In fact, less than 1 out of 10 concussions result in loss of consciousness. Concussion symptoms can develop right away or up to 48 hours after the injury. Ignoring any signs or symptoms of a concussion puts your child’s health at risk!

Seek Medical Attention Right Away
Seeking medical attention is an important first step if you suspect or are told your child has a concussion. A qualified health care professional will be able to determine how serious the concussion is and when it is safe for your child to return to sports and other daily activities.

• No athlete should return to activity on the same day he/she gets a concussion.
• Athletes should NEVER return to practices/games if they still have ANY symptoms.
• Parents and coaches should never pressure any athlete to return to play.

The Dangers of Returning Too Soon
Returning to play too early may cause Second Impact Syndrome (SIS) or Post-Concussion Syndrome (PCS). SIS occurs when a second blow to the head happens before an athlete has completely recovered from a concussion. This second impact causes the brain to swell, possibly resulting in brain damage, paralysis, and even death. PCS can occur after a second impact. PCS can result in permanent, long-term concussion symptoms. The risk of SIS and PCS is the reason why no athlete should be allowed to participate in any physical activity before they are cleared by a qualified healthcare professional.

Recovery
A concussion can affect school, work, and sports. Along with coaches and teachers, the school nurse, athletic trainer, employer, and other school administrators should be aware of the athlete’s injury and their roles in helping the child recover.

During the recovery time after a concussion, physical and mental rest are required. A concussion upsets the way the brain normally works and causes it to work longer and harder to complete even simple tasks. Activities that require concentration and focus may make symptoms worse and cause the brain to heal slower. Studies show that children’s brains take several weeks to heal following a concussion.

Encourage your athlete to be honest with you, his/her coach and your health care provider about his/her symptoms. Many young athletes get caught up in the moment and/or feel pressured to return to sports before they are ready. It is better to miss one game than the entire season…or risk permanent damage!
Returning to Daily Activities

1. Be sure your child gets plenty of rest and enough sleep at night – no late nights. Keep the same bedtime weekdays and weekends.

2. Encourage daytime naps or rest breaks when your child feels tired or worn-out.

3. Limit your child's activities that require a lot of thinking or concentration (including social activities, homework, video games, texting, computer, driving, job-related activities, movies, parties). These activities can slow the brain’s recovery.

4. Limit your child's physical activity, especially those activities where another injury or blow to the head may occur.

5. Have your qualified health care professional check your child’s symptoms at different times to help guide recovery.

Returning to Learn (School)

1. Your athlete may need to initially return to school on a limited basis, for example for only half-days, at first. This should be done under the supervision of a qualified health care professional.

2. Inform teacher(s), school counselor or administrator(s) about the injury and symptoms. School personnel should be instructed to watch for:
   
   a. Increased problems paying attention.
   b. Increased problems remembering or learning new information.
   c. Longer time needed to complete tasks or assignments.
   d. Greater irritability and decreased ability to cope with stress.
   e. Symptoms worsen (headache, tiredness) when doing schoolwork.

3. Be sure your child takes multiple breaks during study time and watch for worsening of symptoms.

4. If your child is still having concussion symptoms, he/she may need extra help with school-related activities. As the symptoms decrease during recovery, the extra help or supports can be removed gradually.

5. For more information, please refer to Return to Learn on the ODH website.

Returning to Play

1. Returning to play is specific for each person, depending on the sport. Starting 4/26/13. Ohio law requires written permission from a health care provider before an athlete can return to play. Follow instructions and guidance provided by a health care professional. It is important that you, your child and your child’s coach follow these instructions carefully.

2. Your child should NEVER return to play if he/she still has ANY symptoms. (Be sure that your child does not have any symptoms at rest and while doing any physical activity and/or activities that require a lot of thinking or concentration).

3. Ohio law prohibits your child from returning to a game or practice on the same day he/she was removed.

4. Be sure that the athletic trainer, coach and physical education teacher are aware of your child’s injury and symptoms.

5. Your athlete should complete a step-by-step exercise-based progression, under the direction of a qualified healthcare professional.

6. A sample activity progression is listed below. Generally, each step should take no less than 24 hours so that your child’s full recovery would take about one week once they have no symptoms at rest and with moderate exercise. *

Sample Activity Progression *

Step 1: Low levels of non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: walking, light jogging, and easy stationary biking for 20-30 minutes).

Step 2: Moderate, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: moderate jogging, brief sprint running, moderate stationary biking, light calisthenics, and sport-specific drills without contact or collisions for 30-45 minutes).

Step 3: Heavy, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: extensive sprint running, high intensity stationary biking, resistance exercise with machines and free weights, more intense non-contact sports specific drills, agility training and jumping drills for 45-60 minutes).

Step 4: Full contact in controlled practice or scrimmage.

Step 5: Full contact in game play.

*If any symptoms occur, the athlete should drop back to the previous step and try to progress again after a 24 hour rest period.
I have read the Ohio Department of Health’s Concussion Information Sheet and understand that I have a responsibility to report my/my child’s symptoms to coaches, administrators and healthcare provider.

I also understand that I/my child must have no symptoms before return to play can occur.

Sudden Cardiac Arrest and Lindsay’s Law
Parent/Athlete Signature Form

What is Lindsay’s Law? Lindsay’s Law is about Sudden Cardiac Arrest (SCA) in youth athletes. It covers all athletes 19 years or younger who practice for or compete in athletic activities. Activities may be organized by a school or youth sports organization.

Which youth athletic activities are included in Lindsay’s law?
- Athletics at all schools in Ohio (public and non-public)
- Any athletic contest or competition sponsored by or associated with a school
- All interscholastic athletics, including all practices, interschool practices and scrimmages
- All youth sports organizations
- All cheerleading and club sports, including noncompetitive cheerleading

What is SCA? SCA is when the heart stops beating suddenly and unexpectedly. This cuts off blood flow to the brain and other vital organs. People with SCA will die if not treated immediately. SCA can be caused by 1) a structural issue with the heart, OR 2) an heart electrical problem which controls the heartbeat, OR 3) a situation such as a person who is hit in the chest or a gets a heart infection.

What is a warning sign for SCA? If a family member died suddenly before age 50, or a family member has cardiomyopathy, long QT syndrome, Marfan syndrome or other rhythm problems of the heart.

What symptoms are a warning sign of SCA? A young athlete may have these things with exercise:
- Chest pain/discomfort
- Unexplained fainting/near fainting or dizziness
- Unexplained tiredness, shortness of breath or difficulty breathing
- Unusually fast or racing heart beats

What happens if an athlete experiences syncope or fainting before, during or after a practice, scrimmage, or competitive play? The coach MUST remove the youth athlete from activity immediately. The youth athlete MUST be seen and cleared by a health care provider before returning to activity. This written clearance must be shared with a school or sports official.

What happens if an athlete experiences any other warning signs of SCA? The youth athlete should be seen by a health care professional.

Who can evaluate and clear youth athletes? A physician (MD or DO), a certified nurse practitioner, a clinical nurse specialist, certified nurse midwife. For school athletes, a physician’s assistant or licensed athletic trainer may also clear a student. That person may refer the youth to another health care provider for further evaluation.

What is needed for the youth athlete to return to the activity? There must be clearance from the health care provider in writing. This must be given to the coach and school or sports official before return to activity.

All youth athletes and their parents/guardians must review information about Sudden Cardiac Arrest, then sign and return this form.
