As parent or guardian of _____ I realize that SASS does not have personal injury insurance that covers my child's participation. Therefore, I should have a current, active, personal injury insurance policy in force, which covers his/her participation. Under any condition, I am responsible for any and all medical expenses arising from my child's participation, both in practices and games. I have the right and responsibility to inspect the equipment and facilities prior to events and, if I believe that anything may be unsafe, I will advise the coach or supervisor of the condition and may refuse to participate. Participation assumes consent.
