Old Business:

Hall of Fame: It has been 11 years. Back in 1990 was walking the hall with Mr. Matheos, 4 people were inducted in 2002 the booster club, under Dana's presidency reenacted the Hall of Fame. Last induction in 2008, Dana turned in all of her paperwork to the school administration. Everyone thought that it was completely sports related. It actually acknowledges art, leadership, community involvement. There are still nominations with that paperwork. We need to recognize and restart the Hall of Fame. There is also a non-alumni special honorary category. Committee members were community members, alumni, business members in the community. On average 3-4 inducted per year, induction was during the football game with a reception prior to the inductions. It is not all athletic, there actually are only 3 athletes in the hall of fame. One of the inductees donated \$1,000 for the hall of fame and when Dana was President, she had placed those funds in the budget.

Brett suggests doing just an athletic hall of fame, not what has existed. Brett agrees with Dana that The Hall of Fame should land in the School Boards hands. We can do an athletic hall of fame. The stalled hall of fame is accomplishments not just involving sports.

Dana suggests that we send a letter to the school Board, from the CASB, to try to reinstate the Hall of Fame. We can send the \$1,000 to the Board that was donated by Dennis Chalker. 7 members were on the committee.

Plaques: 39 plaques behind. Brett looked in to this a little more. He mentioned that we can't see the top plaques. If we continue to add, where are we going to put them. Brett, said there is a touch screen type thing, that you put all the pictures on and you can view any year, and picture, and so on. Also, the record boards at the field house plus the new record boards, and a touch screen to honor the PTC champs we have won, all info will be on it. Prices on these vary greatly, are in the range of \$6,000. Some schools that have this, also have sponsorships to help pay for the touch screen. Also, field house board need replaced. Dana has informed us that the school board paid for the plaques, not the boosters.

Field dirt status: dirt is still not be delivered. It has been paid for, by our part. Brett saw the PO for it, but not a delivery date or time. Brett will update us as this progresses. Coach Leroy asks if we can get an idea of a plan.

Gift of Scoreboard: Melanie stated that she spoke with the treas. Sec. and she gave Nicki a form to gift the scoreboard. Any of our things in the stands are covered by insurance.

AD Report: see notes about the record boards, and the touch screen. Talking with Graphic Expressions out of Streetsboro to recognize 1,000 pt basketball pts. And also, the wrestlers award individual state champions. This year is 10-year anniversary for Page Nemeec making it to the state January 30, 2020.

Golf Outing: Sugarbush sounds like the best place. He is waiting for a phone call from the owner. Brett has spoke with people and not sure what kind of turnout we would. Jack D'Amato and Brett spoke and thought about a poker tournament. We will wait to hear from Brett on greens
