

OhioHealth Marion General Hospital Sports Physicals

Monday, June 3, 2019

OhioHealth Marion Medical Campus

Door 7

1040 Delaware Avenue
Marion, Ohio 43302

Physicians from OhioHealth Marion General Hospital, and other healthcare providers from the OhioHealth family have come together to help get student athletes ready to play. All high school and middle school student athletes from Marion County are welcome to participate.

Please complete your OHSAA PPE form before you arrive.

Arrival Times

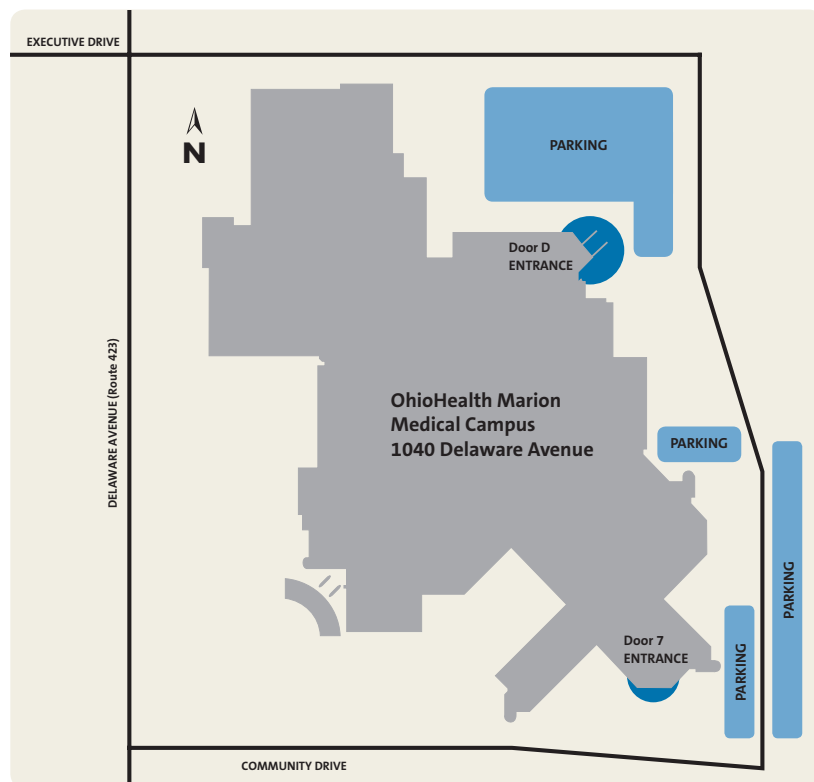

Last Names A-M: 6 to 7 p.m.

Last Names N-Z: 7 to 8 p.m.

Last Check-in: 8 p.m.

The staggered starts are designed to minimize wait times and make the process more efficient. Please choose the date and location most convenient for you. If you are not able to arrive at the designated time based on your last name, please call the toll free number for other times.

**Physicals will start at Door 7
and end at Door D.**

Information to know before you arrive

This sports physical and all physician interaction during school coverage is not meant to replace regular or as needed visits to your primary care physician. Physicals and on-site school or event coverage by an athletic trainer or physician are simply an adjunct intervention in an area of specialty.

Why offer physicals? Sports physicals are best performed by the student-athlete's primary care physician. However, station-based physical exams administered by athletic trainers and fellowship-trained sports medicine team physicians provide an appropriate and complete alternative to physicals that would be provided by an urgent care or other convenience-based pharmacy or outpatient treatment setting.

Who can attend these physicals? These sports physicals are open to students of any middle schools, high schools or school districts that partner with OhioHealth. These exams are meant for athletes with relatively healthy medical histories and are used to screen for and detect medical or physical conditions that may put the student athlete at risk for future problems. Any athlete who is currently under the care of their Primary care physician for a medical condition, injury, illness or those with previously diagnosed medical conditions, injuries, illnesses, especially cardiac conditions that might preclude or limit participation in sports, are advised to get a medical exam from their primary care physician.

Can I go to any of the dates listed? If your schools' primary date, time or location is not convenient, please feel free to attend one of the other regional locations.

How long will the exam take? Athletes will be called back for their exams in the same order they signed in upon arrival. We will do our best to move through as quickly as possible, but understand that the physicians want to make sure each athlete gets all their needs addressed completely and thoroughly.

Will I be charged for this exam? OhioHealth is offering these services at no charge to the affiliated schools. Individual schools or districts may charge a fee; however, all proceeds will go back to the respective school or district. All associates, including physicians of OhioHealth that are working these physicals, are volunteering their time.

Can I go with my child through the exam? Parents are *encouraged* to go to all the stations with their son or daughter as well as be in the room during the physician exam. If a parent or guardian is not present, ***all pages of the approved physical form need to be fully completed, signed and dated in order for your athlete to receive a physical.***

What should I bring? Prior to receiving a physical, the final two pages of the form must be fully completed, including signatures, date of birth, the date, school contact info and grade. Per The Ohio High School Athletic Association rules, without a fully completed form, the athlete is ineligible to participate.

Our school is using PrivIT, what do I need to bring? The Ohio High School Athletic Association has partnered with PrivIT to provide an electronic PPE, which is **not** mandatory to use, but has been recommended. Please check with your school's athletic director to see what physical form the school is requiring of their athletes. If the school is using PrivIT, **the health history page must be printed out and brought to the physician to sign.**

Helpful reminders:

- + Pages one and two — please include the **date of exam, name, date of birth, sex, age, grade (for upcoming school year), name of school and sport(s) played.** Answer all questions thoroughly, including the insurance information at the very bottom of the page. Provide additional information as needed. Be sure to sign and date, twice.
- + Page three — please include **name and date of birth**; the remainder of this page is done during the exam.
- + Page four — please include **name, sex, age and date of birth.** Remember to complete the emergency information section.
- + Pages five and six — prior to receiving a physical, both pages need to be completed. Please provide **date of birth, school contact information and grade**, and be sure to sign and date, twice.

Per Ohio High School Athletic Association rules, if page six is not fully completed, the athlete is ineligible to participate
