

Valley Forge Adult Athletic Boosters

Who Are We

The Valley Forge High School Adult Athletics Booster Club is a volunteer organization composed of parents, staff, alumni and friends dedicated to the support of the interscholastic athletic programs by providing both funding, volunteer time, and a social environment to support our programs. The assistance the Booster Club provides is made possible by the efforts of involved community members and parents of student athletes and operates for all interscholastic athletic programs at Valley Forge High School. **The purpose of the Valley Forge Adult Athletic Boosters is to foster, promote and encourage involvement in athletics and school spirit.**

We work with the School Administration, Athletic Directors and Coaches to provide support, offer new ideas, enhance community exposure, and increase communication between Valley Forge athletes, parents, and the Valley Forge Athletic Department.

Mission – Purpose

The Valley Forge Adult Athletic Boosters Club is a non-profit volunteer organization, working in conjunction with Valley Forge High School. Administrations, each respective athletic department, and the Parma City school District. The purpose of the Valley Forge High School Adult Athletics Booster Club is to support, encourage and acknowledge the endeavors of all students participating in Valley Forge High School athletic programs.

The Boosters Club aims to support our sports programs and activities involving athletic students at high school levels. The Booster Club's activities include fundraising, hospitality, publicity and communication with the high school and the adjacent community. One of the most important functions for Boosters Club is to provide a "support audience" at games and to foster a social network, to enable our local community, parents and students to develop a level of pride and rally around our school, community and its athletic teams. We volunteer not for individual gain, but to proudly belong to one large sports family to benefit all involved. To be a part of something more meaningful and larger than ourselves.

The Booster Club sponsors or participates in numerous activities to generate funds to support Valley Forge High school district athletes with the objective to provide a transparent financial reporting structure. Our fiscal year begins July 1st thru June 30th. Funds raised by the Booster Club go towards male and female sports related teams. Our intent is to assist athletes and coaches in the pursuit to be the best they can be.

Get Involved

Th Booster Club has a meeting the first Monday of each month at 7:00 PM in the High School cafeteria for the purpose of redistributing information and updates to various Valley Forge High School and Greenbriar Middle school sports. If you are interested see our Facebook page at Valley Forge Athletic Boosters. Feel free to contact us as well at vfboosters@gmail.com
