4599 Towne Centre, Saginaw Twp.
Emergency Entrance
7-11 am
Call 989-497-3200 to register

A concussion baseline assessment measures normal functioning in multiple areas of the brain that are commonly affected following a concussion. These allow for comparison of post-injury state to baseline parameters for accurate diagnosis and proper return to play protocol. Middle and high school students must bring a completed Michigan High School Athletic Association Medical History/Consent form and Baseline Consent form signed by a parent or guardian. Parental attendance is encouraged. **Forms are available at www.fni.org.**

Free Concussion Baseline Assessments courtesy of Field Neurosciences Institute. Sport physicals provided by Ascension St. Mary's Emergency Medicine Providers.

Please bring a non-perishable food item for donation to the East Side Soup Kitchen
