[Working with Grades](#)

[Customizing the Syllabus for Courses](#) – Courses can be customized to meet the needs of your class or school. This video shows you how to make changes to the whole class experience.

[Adjusting Course Content and Settings](#)

[Using the IDEAL Library](#) – Add modules, lessons or assignments from other Accelerate Courses into your current course section.

[Intro to Accommodations](#) – There are many tools teachers can use in the platform to accommodate for student needs.

[Creating Groups](#) – When teachers need to customize settings or content for one student or a group of students, they can create a “Group” to easily modify the course experience for the student(s).

[Customizing Assignments for Groups](#)

[Adding Assignments for Individuals](#) – Sometimes students need irregular or unplanned resources added to their experience. Teachers can use the clipboard to add these items for students throughout the year.
