

Research

Community-Based Program to Support Women and Families in Pregnancies after Stillbirth

What do women and families identify as being important aspects of care in pregnancies after having a baby who was stillborn?

PROJECT DESCRIPTION

WHO

Women who have experienced a pregnancy after stillbirth.

PURPOSE

To learn about how to improve care for women and their families who are pregnant after stillbirth.

PARTICIPATION

If interested you will be asked to attend a 2-hour focus group discussion with up to 10 participants.

HOW TO GET INVOLVED

If you are currently not pregnant and interested in participating and would like to be contacted for more details please contact the study team:
