1. **Pick a Spot for Your Radio**

2. **Install the Dash Mount or the Vent Mount**

3. **Connect the Audio to Your Vehicle’s Stereo**

4. **Finish the Installation and Power On**

5. **Activate Your Service**

---

**Install the Dash Mount or the Vent Mount**

- You can use either the Dash Mount or the Vent Mount for your Xpress 3.
- Peel off the adhesive liner. Position, press, and adjust as necessary for your particular vehicle. When the adhesive is dry (2-4 hours before using the mount. The best adhesion occurs after 24 hours), locate a suitable vent in your vehicle which is strong enough to hold the Xpress and the Vent Louver ADJUSTMENT TILT.

**Connect Vehicle Dock to the mount.**

When you install the chosen mount, do not yet attach the clamps, so you will have to remove the short clamps and install longer clamps.

**IMPORTANT!** Do not install on airbags.

**Connect Power Adapter into your vehicle’s cigarette lighter or power connector on the rear of the dock.**

**Connect Vehicle Dock. Insert the Cassette Adapter into the Cassette Deck** to turn it On.

**Connect the Power Adapter and the Cassette Adapter into the Cassette Deck.**

**Audio Quality GOOD BETTER BEST**

**Find an Available FM Channel in Your Area**

- Pick the first FM channel on your list.
- Turn on your vehicle’s FM radio. Start at 88.1 and use the ‘Manual’ tune function on your vehicle’s FM radio to tune through the list of FM channels displayed.
- From the list, turn the Control knob to scroll to and highlight an available FM channel you found in step 1, and press the Select button which will turn yellow.
- Press the Select button again to select the available FM channel you found in step 1, and press the Select button again to select the channel.
- Press the FM Transmitter button on your Xpress RC.

**Press the Control knob to adjust the tilt of the Vent Mount by repositioning the foot to a position.**

**Connect Vehicle Dock to the mount.**

**When you install the chosen mount, do not yet attach the clamps, so you will have to remove the short clamps and install longer clamps.**
