

Introducing Skillsoft Percipio

New Platform Pre-Launch Communication

We Are Moving to a New Employee Learning Platform

Skillsoft's newest intelligent learning platform, Percipio, was designed for one purpose — to help you more easily refresh your current skills and embrace new ones.

Here's how you can get the most from the new platform:

- Check out *Aspire Journeys* for guided, role-based, and skill-based learning paths.
- Attend *Boot camps* and *Leader camps* that experts and practitioners host live for two-four hour sessions each week.
- Build skills through *Channels*, organize everything you should know about in-demand capabilities worldwide.
- Earn *Skillsoft Digital Badges* to share with your networks.
- Gauge your level of proficiency for a certain skill using *Skill Benchmark Assessments*, get a score, and receive recommendations for developing the skill.
- Choose from videos, books, summaries, audiobooks, or hands-on labs.
- Discover relevant content with personalized AI-driven recommendations.
- Learn without disrupting your workflow with a unique browser plug-in.
- Learn anywhere, any time, on any device.
- Accelerate your growth with certification prep.
