A Peek at Our Week

Wonders Reading: This week our class will be reading stories about the ways we can protect our environment. Children will learn about endangered animals and the ways we can help protect animals in their habitats. **Vocabulary: environment, protect.** Discuss ways your child can help to protect the environment, such as reducing, reusing, and recycling resources. **High-Frequency Words: help, too, play, has, where, look, who, good, come, does** Write sentences that include each of the review words. Have your child underline each review word. **Category Words: names of baby animals.** Gather stuffed animals, animal toys, or animal books. Point to and identify the name of each animal, and then state the corresponding baby animal's name. **Phonics: Review long a, e, i, o, u.** Create a five-column table on paper. At the top of the table, write the vowels a, e, i, o, and u. Say a word with a long vowel sound. Have your child point to the column where the word belongs. Then write the words in the corresponding columns. **Comprehension: main topic and key details.** Have your child look at details in each animal picture and match the adult animal to its baby. **Math:** Review addition/subtraction, counting by 1's & 10's, and 2D/3D shapes.

Summer Homework

There is NO homework for the rest of the school year. In your child's homework folder you will find a reading log for them to work on during the summer. This will help keep their minds fresh for first grade. Have a safe and wonderful summer break!

Read the back of this newsletter for more information/ dates!

Next Wednesday, May 23rd is Kindergarten Graduation in the Lincoln Cafeteria (This is the last day for ALL kindergarten students).

Come early to get a good seat!
