July 29, 2019

Dear Students, Parents, and Guardians:

It is my pleasure to welcome you to a new school year. The staff and I are looking forward to a productive partnership with you to ensure our students can achieve their highest potential. We recognize that to be successful in school, our children need support from both the home and school. We know a strong partnership with you will make a significant difference in your child's education. As a first step, I want to personally invite you to our Open House BBQ on August 19. The agenda will include an opportunity to meet with your child's teachers. We are committed to continuing the traditions and high academic standards expected from Twin Falls High School.

Our students enjoy a diverse curriculum taught by highly qualified teachers dedicated to fulfilling our mission statement of providing a quality education necessary for students to be successful in life. Opportunities are available in deeply engaging elective courses, dual credit, and advance placement classes. Twin Falls High School values participation in school activities. In-depth studies have shown participating in clubs, fine arts, and athletics dramatically increases the success of a student's high school experience.

I want to encourage you to explore the following opportunity available to your student. Continuing this year, students will have access to funding to cover the costs of taking college-level courses or professional-technical certification exams while still in high school. The Idaho legislature passed legislation that approved funds to cover the cost of taking dual credit courses, college-bearing exams, or professional-technical exams. Please consider taking advantage of this opportunity, our counselors can be contacted for more information.

Please put the date of our Open House BBQ on your calendar. It will be Monday, August 19 6:30 – 7:30 pm at the grass area next to Roper Auditorium, I hope you can attend and take the opportunity to meet your child's teacher in an informal setting. Also, please review the enclosed 2019-20 bell schedule. On Mondays, school will end at 2:25 to provide for teacher collaboration. I am looking forward to meeting you.

Respectfully yours,

Dan Vogt - Principal

**TWIN FALLS SCHOOL DISTRICT  
SUBSTANCE ABUSE POLICY & PROCEDURE**

The threat of substance abuse is most menacing when it involves young people because of their developmental stage, are the most vulnerable members of our society in regard to health and safety issues. The purpose of this policy is to enforce Idaho law in regards to the use or possession of illegal substances by minors and to ensure that students have access to the Student Assistance Program available in the district.

*The following is a brief description of the district procedure:*

Non-disciplinary procedures will apply to students who self-refer or who are referred by parents, peers, staff, or through other referrals for assistance.

Students who voluntarily reveal to professional staff members that they have been or are involved in the use of drugs or narcotics and students who turn in drugs or narcotics to a staff member for disposal shall have the confidentiality and anonymity of their communications fully respected. However, it is not the intention of a policy on confidentiality to protect students who are deliberately breaking the law by using, selling or pushing drugs on school grounds, but to protect the student who is actively involved in some kind of counseling relationship and who is working toward becoming free of chemical dependency. **STUDENTS SEEKING HELP SHOULD CONTACT THE STUDENT ASSISTANCE SPECIALIST, COUNSELOR OR CARE TEAM MEMBER IN THEIR BUILDING.**

*Disciplinary procedure:*

*First Offense* – If a student is under the influence and/or in possession of alcohol, tobacco products or controlled or dangerous substances while on or near district property during school hours or at a school-sponsored activity:

- a) A legal citation will be issued by a law enforcement official.
- b) Parents/guardians will be notified by phone or in writing.
- c) The student will receive a minimum two-day in-school suspension
- d) In all cases involving use and/or possession of alcohol or controlled or dangerous substance, the student's name will be referred to the building Student Assistance Specialist or CARE Team which is responsible for implementing a plan to offer assistance to the student.

A second and/or subsequent offense will result in citation, suspension and possible expulsion by the Board of Trustees.

If a student is involved in transmitting, trafficking in or distributing alcohol or controlled or dangerous substance on school grounds or at any school sponsored function, law enforcement official(s) will be asked to intervene. If it is determined that the presence of said student is a detriment to the safety of the student body or self, there shall be a mandatory recommendation made by the school administrator to the Superintendent and the Board of Trustees for expulsion.

***Extra-Curricular Random Drug Testing Policy brief description:***

The Twin Falls School District has an interest in establishing a school environment free of the influence of drugs and alcohol for the benefit of the safety of its students. This includes the necessity of ensuring that all extra-curricular activities sponsored by the District are conducted in a manner that will provide for the safety and security of the students who are participating in such activities. The District expects that students that are provided the opportunity to engage in District sponsored extra-curricular activities will be drug and alcohol free during their participation in these activities.

As a result, Twin Falls School District has implemented a Random Drug-Testing Program for all students participating in extra-curricular activities which fall under IHSAA guidelines and/or High School Sanctioned Clubs/Teams.

A consent form for participation must be signed by the student and his/her parent/guardian. Throughout the school year, a predetermined number of students will be randomly selected for testing each week. To assure anonymity of students being chosen, each student who has signed up to participate in extra-curricular activities will be given a student number. This number and the list of student names will be locked in a filing cabinet with access only by those who are conducting the actual test. Each week, the superintendent or his designee, will select numbers from the random sampling pool. Those conducting the testing will then match the numbers to the appropriate names and contact the student for testing.

***Consequences of First Positive Result:***

In the event a student is confirmed positive for the use of alcohol or other unauthorized or illegal use of a drug, the student will be given the option of:

- Option 1: Participating in a drug assistance/prevention program which will include a minimum of eight (8) hours of Alcohol and Drug Education, assessment and compliance with further recommendations and a ten (10) day or 10% of the season suspension from the activity, which is greater, but the student may practice or;
- Option 2: Suspension from participation in all IHSAA sanctioned activities for the remainder of the activity season and the next activity season or any activity for the same length of time.

No student shall be penalized academically for testing positive for use of illegal drugs or alcohol, nor shall any student be denied any benefits or services other than the district-sponsored athletic and/or extra-curricular activities as outlined above. The results of tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests shall be kept confidential between the superintendent, the building principal/their designee, the student assistance program representative, the student and their parent/guardian.

**Federal Law (Drug-Free Schools and Communities Act) requires that the school district inform students, parents/guardians annually of our policy. Please refer to the complete Student Substance Abuse Policy on P.551 in the Twin Falls School District Policy Manual. This can be accessed on the website at [www.tfsd.k12.org](http://www.tfsd.k12.org).**
