PAYING IT FORWARD

Last week the TFHS Science department received this card and a check from Jeanne Alban, a retired TFHS English teacher. The check is in memory of her husband, Milton Barrus, a former TFHS Biology teacher. JoMarie Connor taught with both Jeanne and Milton when they were still teaching here at TFHS and will decide how the funds will be best spent in his honor.

LEADERSHIP VISA

Becky Jaynes, our At-Risk Services Coordinator, put together an amazing experience for our at-risk students through the Leadership 'VISA' program this past week. 'VISA' stands for Vision, Inspire, Success, Achieve. Students from MVHS, CRHS, and TFHS all participated. It is inspiring that there are so many programs operating in the background for our students and Thank you to CSI for being an amazing host!

TAMALES ANYONE?

The Latinos in Action group is thinking ahead to their tamale sale, and so should you! Charlotte Gharring has created a quick survey (sent by email) if you are interested in having some homemade tamales to enjoy over Christmas break.

Savory Tamales with chicken or pork or Sweet Tamales with pineapple or strawberry?

Make sure you order yours today!
