

TEACH-TO MONDAY

WEEK OF OCTOBER 22-24:

## **P.A.W.S. FOCUS- WISE CHOICES WHILE CALLING HOME**

We have many parents calling the office letting us know that they received a call from our school, and if it is from a student, we have no idea how to identify the reason for the student contacting them. Please discuss the importance of leaving a message to parents on:

- the time the student called
- where the student is calling from
- the reason for calling
- whether the student wants the parent to call back

Thank you!
