

TEACH-TO MONDAY

WEEK OF NOVEMBER 26–NOVEMBER 30:

P.A.W.S. FOCUS– EXPECTATIONS BEFORE AND AFTER SCHOOL

This week we would like to focus on Safety and procedures with where to be before and after school on campus. We have had quite a few students hanging out in the foyer area inside before the cafeteria opens up and in order for us to get parents or other visitors in and out of the office during that time, students will need to remain outside. **It might be beneficial to have students get their agendas out and write these down for future references.**

The following places are allowed for students to be inside before school:

- Homework Club-Monday, Tuesday, Thursday, Friday from 8:05-8:35 (Any students needing help with homework)
- Credit Recovery-Tuesday and Thursday from 7:30-8:35 (Required students only)
- Breakfast-8:05-8:35 (must stay in the cafeteria and can sit and visit afterwards)
- Library-8:05-8:35 on Monday, Tuesday and Friday ONLY

All other buildings (B and C) and areas inside are off limits unless a teacher has specifically allowed a student to come in to get work done, and for the following clubs:

- Walking Club-Tuesday and Thursday from 8-8:35 in Gym
- Boys Choir Club-Tuesday and Thursday from 7:50-8:25 in Choir room
- Robotics Club-Tuesday and Thursday from 7-8:20 in Robotics room

Students, please be aware that if you are letting other students in without permission or visiting your locker/other places instead of going to your assigned destination, you will be asked to leave the building. If this becomes a problem with a number of students, we will have to eliminate morning programs.

The following places are allowed for students to be inside after school:

- Pep Club-days are announced by Mr. Dahle
- Dungeons and Dragons club-4-5 on Mondays
- Ski Club-will be announced after first snowfall by Ms. Johnston
- Sports-coaches will let you know when and where
- Parent meeting with student and teachers in the front office
- Library-until 4:05 Every day

All other buildings (B and C) and areas inside are off limits unless a teacher has specifically allowed a student to come in to get work done. By the time our buses leave after school, students should have a plan in place to leave campus as soon as possible.

If we have missed any other clubs or opportunities, please let us know. Thank you!
