

# November Behavior Data

Last year-516

This year-715

November 2017-154

November 2018-181

Summary: Teachers are doing a great job at documenting behaviors and identifying whether it needs to be a level 1 or a level 2. As a result, we have less students needing referred to the office as level 3's and 4's and interventions have been successful overall!
