

TEACH-TO MONDAY

WEEK OF JANUARY 21-25:

P.A.W.S. FOCUS- APPROPRIATE LANGUAGE

Please review what PAWS represents as you review appropriate language to the students:

Pride

Attitude

Wise Choices

Safety

Appropriate language is required in ALL expectations and in ALL settings of our school. If they think it will be offensive to the person next to him/her or a staff member, then it should not be spoken and could result in a consequence.

Appropriate language is also involved in social media...though many more people will read it. Be respectful of others, but even more so of yourself. Represent who you are with cub pride!

When somebody tells you something that involves another person, that doesn't mean you need to go tell that person...this is how rumors begin and spread quickly. Instead, if somebody is constantly speaking rudely about another, be an advocate and tell them to stop. We work hard at this school to treat and talk about everyone with respect. The more you can help with this, the more successful we will continue to be!
