

Construction related to the Trans Mountain Expansion Project is underway in your region.

Health and safety for our workers, their families and communities is a top priority while maintaining safe construction activities during COVID-19. Trans Mountain and its Project contractors are adopting government and company health and safety measures to protect its workforce and ensure work can safely continue.

Trans Mountain is monitoring the impact of construction on pipeline communities through a series of indicators identified in the Socio-Economic Effects Monitoring Plan. This Project impact information is gathered for each three-month period in a regional Socio-Economic Monitoring Report. Highlights from the quarterly regional report are provided here.

Worker
Conduct

**Concern regarding after-hours conduct of a
specific worker with respect to drug and alcohol
use, and fit for duty implications.**

Trans Mountain has zero tolerance for use of, or being
under influence of, drugs and alcohol in the workplace.
Workers must come to work fit for duty and know and
follow requirements of Trans Mountain's Drug and Alcohol
Policy. Trans Mountain Security was notified for followup
and further investigation.

* Socio-economic topics related to community impacts only. Data in this report is
reflective of activities specific to active construction of the Trans Mountain Expansion
Project. Data does not reflect Trans Mountain's ongoing operations and maintenance
or inquiries related to future construction activities.

† Inquiries from same individual/household on same topic are considered same inquiry.
May be multiple inquiries on similar theme.
