Remember to follow these tips for perfect typing technique!

1

Keep your back straight, your head up and eyes on the screen.

2

Your eyes should be level with the top of your computer screen.

3

Your keyboard, wrists and elbows should be the same height.

4

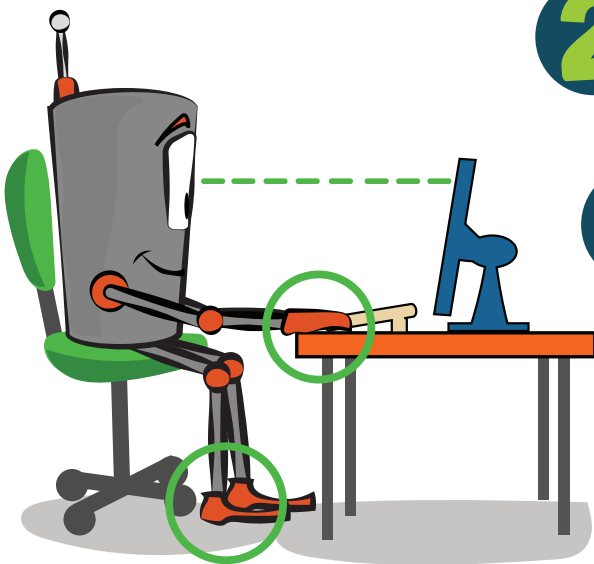

Keep your feet flat on the floor.

5

Press each key lightly. No need to bang on the keyboard!

6

When typing, don't let mistakes bother you. Just keep practicing!
