

# SAVE THE DATE

## DECEMBER 10-11, 2019

### EMERGENCY RESPONSE FORUM: PUBLIC/PRIVATE PARTNERSHIPS

THIS EVENT WILL TAKE PLACE AT  
SAN JACINTO COLLEGE, CENTER FOR PETROCHEMICAL,  
ENERGY AND TECHNOLOGY, PASADENA, TX

Public-private partnerships enhance hazard mitigation, preparedness, response, and recovery programs in communities by pooling resources, know-how and expertise. At the Emergency Response Forum, participants will come together to discuss practices, share learnings, and explore how preparedness efforts in both the public and private sectors may be further supported.

- Two tours will be offered on December 11:
- a. A tour of the Houston Emergency Center and Harris County's TranStar EOC and JIC for those interested in understanding how to leverage resources of multiple agencies to provide transportation and emergency management services; and
  - b. A tour of two local facilities during which participants will have the opportunity to participate in emergency response discussions and demonstrations.

There is no registration fee for this Forum but registration is required.
