

From: Deel, Rick (HCOHSEM)
Subject: COVID-19 PPE

Please send out to our industrial partners,

The COVID-19 Virus situation has caused a significant depletion of available Personal Protection Equipment to safely protect our emergency responders and healthcare professionals in the county and our cities.

There is a urgent need for N-95 masks, nitrile gloves, gowns, and disposable face shields. If you have spare PPE of this type and your company would like to donate, it is very much needed and appreciated.

Please send donation information or questions to:
logistics@oem.hctx.net<mailto:logistics@oem.hctx.net>

Regards,

Rick
